NOTIFICATION

Addendum

The following communication, received on 20 August 2018, is being circulated at the request of the Delegation of Canada.

Established Maximum Residue Limit: Pyrimethanil

The proposed maximum residue limit (PMRL) document for pyrimethanil notified in G/SPS/N/CAN/1167 (dated 23 May 2018) was adopted 16 August 2018. The proposed MRLs were established via entry into the Maximum Residue Limits Database and are provided directly below:

<u>MRL (ppm)¹</u>	<u>Raw Agricultural Commodity (RAC) and/or Processed Commodity</u>
15 ²	Pome fruits (crop group 11-09)
8 ³	Gooseberries and lowbush blueberries
5	Pomegranates
0.5 ⁴	Tomatoes (crop subgroup 8-09A)
0.2 ⁵	Bulb onions (crop subgroup 3-07A)

1 ppm = parts per million.

2 The MRL of 15 ppm replaces the MRL of 14 ppm for apples, crabapples, loquats, mayhaws, pears, Asian pears, and quinces; and, includes all crops of CG 11-09.

3 The MRL of 8 ppm replaces the MRLs of 5 ppm for gooseberries and 3 ppm for lowbush blueberries.

4 The MRL of 0.5 ppm for tomatoes is extended to all food commodities belonging to CSG 8-09A.

5 Replaces the MRL of 0.1 ppm on all crops of CSG 3-07A.

MRLs are established for each commodity included in the listed crop groupings in accordance with the *Residue Chemistry Crop Groups* webpage (<https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/residue-chemistry-crop-groups.html>) in the Pesticides and Pest Management section of Health Canada's website.

MRLs established in Canada may be found using Health Canada's *Maximum Residue Limit Database* (<http://pr-rp.hc-sc.gc.ca/mrl-lrm/index-eng.php>) on the *Maximum Residue Limits for Pesticides* webpage (<https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/maximum-residue-limits-pesticides.html>). The database allows users to search for pesticides(s) or for food commodity(ies).

This addendum concerns a:

- Modification of final date for comments
- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other:

Comment period: (If the addendum extends the scope of the previously notified measure in terms of products and/or potentially affected Members, a new deadline for receipt of comments should be provided, normally of at least 60 calendar days. Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)

- Sixty days from the date of circulation of the addendum to the notification and/or (dd/mm/yy): Not applicable.

Agency or authority designated to handle comments: National Notification Authority, National Enquiry Point. Address, fax number and e-mail address (if available) of other body:

Text(s) available from: National Notification Authority, National Enquiry Point. Address, fax number and e-mail address (if available) of other body:

The specified MRLs have been provided above and are also accessible from the MRL webpage as indicated below:
