## NOTIFICATION

### *Addendum*

The following communication, received on 19 October 2020, is being circulated at the request of the Delegation of Canada.

#### Established Maximum Residue Limit: Glufosinate-Ammonium

The proposed maximum residue limit (PMRL) document for glufosinate-ammonium notified in G/SPS/N/CAN/1316 (dated 20 July 2020) was adopted 13 October 2020. The proposed MRLs were established via entry into the Maximum Residue Limits Database and are provided directly below:

<u>MRL (ppm)<sup>1</sup></u>	<u>Raw Agricultural Commodity (RAC) and/or Processed Commodity</u>
0.5	Tree nuts (crop group 14-11) <sup>2</sup> ; olives <sup>3</sup>
0.3	Stone fruits (crop group 12-09) <sup>4</sup>
0.05	Carrot roots

<sup>1</sup>ppm = parts per million

<sup>2</sup> Replaces the currently established MRL of 0.1 ppm for tree nuts (crop group 14-11).

<sup>3</sup> Replaces the currently established MRL of 0.1 ppm for olives.

<sup>4</sup> Replaces the currently established MRL of 0.2 ppm for stone fruits (crop group 12-09). The MRL of 0.25 ppm for dried prune plums has been removed as residues are covered under the 0.3 ppm MRL for stone fruits (crop group 12-09).

An MRL is established for each commodity included in the listed crop groupings in accordance with the *Residue Chemistry Crop Groups* webpage (<https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/residue-chemistry-crop-groups.html>) in the Pesticides and Pest Management section of the Canada.ca website.

MRLs established in Canada may be found using Health Canada's *Maximum Residue Limit Database* (<http://pr-rp.hc-sc.gc.ca/mrl-lrm/index-eng.php>) on the *Maximum Residue Limits for Pesticides* webpage (<https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/maximum-residue-limits-pesticides.html>). The database allows users to search for pesticides or for food commodities.

#### **This addendum concerns a:**

- Modification of final date for comments
- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other:

**Comment period: (If the addendum extends the scope of the previously notified measure in terms of products and/or potentially affected Members, a new deadline for receipt of comments should be provided, normally of at least 60 calendar days. Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)**

Sixty days from the date of circulation of the addendum to the notification and/or (dd/mm/yy):

**Agency or authority designated to handle comments:  National Notification Authority,  National Enquiry Point. Address, fax number and e-mail address (if available) of other body:**

**Text(s) available from:  National Notification Authority,  National Enquiry Point. Address, fax number and e-mail address (if available) of other body:**

The specified MRLs have been provided above and are also accessible from the MRL webpage as indicated below:
