

Did you know?

Illegal importation of animals and animal products into South Africa is prohibited!

- No animal and animal products will be imported without veterinary import permit and veterinary health certificate
- Declare any animal or animal products on arrival at the ports of entries
- Failure to declare will lead to prosecutions
- Illegally imported products will be confiscated

NB: All these measures are done to prevent introduction of animal diseases into South Africa as well as to protect human health.

For information on import permit and vet certificate contact:
