## THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

### INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

### 1 PILLARS OF THE PROGRAMME

- 1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$ 10 million or other currency equivalent to US\$ 10 million will have a NIP obligation. This threshold of US\$ 10 million can be reached as follows:
- (a) Any single contract with imported content exceeding US\$10 million.  
or
  - (b) Multiple contracts for the same goods, works or services each with imported content exceeding US\$3 million awarded to one seller over a 2 year period which in total exceeds US\$10 million.  
or
  - (c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US\$10 million.  
or
  - (d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US\$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US\$10 million.
- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a *pro-rata* basis.
- 1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.

- 1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

## **2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY**

- 2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of **R10 million** (ten million Rands), submit details of such a contract to the DTI for reporting purposes.

- 2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

## **3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)**

- 3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.

- 3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million Rands), to contact and furnish the DTI with the following information:

- Bid / contract number.
- Description of the goods, works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

- 3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr Elias Malapane within five (5) working days after award of the contract. Mr Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at [Elias@thedti.gov.za](mailto:Elias@thedti.gov.za) for further details about the programme.

## **4 PROCESS TO SATISFY THE NIP OBLIGATION**

- 4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required, the following steps will be followed:
- a. the contractor and the DTI will determine the NIP obligation;
  - b. the contractor and the DTI will sign the NIP obligation agreement;

- c. the contractor will submit a performance guarantee to the DTI;

- e. upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;

**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

Branch: Spatial Planning and Land Use Management, DIRECTORATE: Spatial Information Services

Private Bag X833, Pretoria, 0001 Tel: 012 312 8777: mfanafuthi.gama@drdlr.gov.za : Web: www.drdlr.gov.za

**TERMS OF REFERENCE (TOR) FOR THE APPOINTMENT OF A SERVICE PROVIDER TO PROVIDE THE NATIONAL SPATIAL PLANNING DATA REPOSITORY (NSPDR) E-LODGE MENT ONBOARDING AND TRAINING SUPPORT SERVICES TO 30 IDENTIFIED NUMBER OF MUNICIPALITIES ACROSS THE COUNTRY OVER A PERIOD OF 3 YEARS.**

## **1. BACKGROUND**

1.1. The branch SPLUM embarked on a process to develop the NSPDR ecosystem with E-lodgement as a built-in system which is now at an implementation phase, with the following objectives:

- To improve integrated planning by creating the ecosystem aimed at sharing spatial data among various spheres of government and other State Owned Entities (SOEs).
- Move towards an evidence-based approach to planning through improving access to core spatial data
- To develop mechanisms that will facilitate effective and efficient collaboration amongst government/sector departments so as to foster alignment of their programs and budgets to planning needs identified and specified in the Provincial Growth and Development Plans (PGDP), Spatial Development Frameworks (SDF) and Integrated Development Plans (IDP).

1.2. The NSPDR Ecosystem is built on the acknowledgement that various sector departments and municipalities are responsible for specific services and functions in their areas of responsibility, and they act as data custodians for related planning and implementation information. It is further acknowledged that an obligation is placed on organs of state in terms of Chapter 3 of the Constitution to, amongst others; cooperate with one another in mutual trust and good faith by assisting, supporting and informing one another, as well as coordinating their actions.

1.3. As part of the NSPDR ecosystem, an E-lodgement facility is also provided which is fully supported and can be used by municipalities to receive and process land development applications in line with SPLUMA. Applications for rezoning,

**TERMS OF REFERENCE (TOR) FOR THE APPOINTMENT OF A SERVICE PROVIDER TO PROVIDE THE NATIONAL SPATIAL PLANNING DATA REPOSITORY (NSPDR) E-LODGE MENT ONBOARDING AND TRAINING SUPPORT SERVICES TO 30 IDENTIFIED NUMBER OF MUNICIPALITIES ACROSS THE COUNTRY OVER A PERIOD OF 3 YEARS.**

township establishment, subdivision of land, consolidation of different pieces of land and removal, amendment or suspension of restrictive conditions are governed by SPLUMA and must be brought in accordance with the processes set out in the relevant municipal By-laws.

- 1.4. Municipalities across the country particularly the poor municipalities require capacity building and training to execute its duties. Therefore, the on-boarding and training of municipalities to utilize the NSPDR E-Lodgement is of critically important. All applications must be submitted to the relevant municipality who will determine when the municipal planning tribunal will be held or an authorized official will deal with same in accordance with their allocation procedure. All conditional approvals referred to in terms of section 41 of SPLUMA will lapse if the conditions are not complied with within 5 years from date of approval.
- 1.5. SPLUMA, Chapter 6, Section 33 (Subsection 1) requires that all land development applications be submitted to a municipality as the authority of first instance. The E-Lodgement application enables the electronic submissions of land use applications to Municipalities as well as storage of such documents thereof as per the SPLUMA regulations.

**2. PROBLEM STATEMENT**

- 2.1. The municipal ICT particularly the poor municipalities in the country are in a dire state. The E-lodgement system will come handy to capacitate municipalities to be able to electronically lodge and receive land development applications and will expedite the processing of applications, rather than manual lodgment that poses risk of lost document records and other filling challenges.
- 2.2. Municipalities are generally faced with human resource challenges, to maintain and keep the expertise in the municipality, as people seek better opportunities elsewhere whenever the opportunity arises. This poses a challenge to municipalities to build their own solid support environment, hence the e-lodgement system come convenient to capacitate municipalities as it requires no municipal maintenance, it is easy to use and does not require specific skill set to operate, and it can be used by private individuals who wish to lodge land development application to the municipality.

**TERMS OF REFERENCE (TOR) FOR THE APPOINTMENT OF A SERVICE PROVIDER TO PROVIDE THE NATIONAL SPATIAL PLANNING DATA REPOSITORY (NSPDR) E-LODGE MENT ONBOARDING AND TRAINING SUPPORT SERVICES TO 30 IDENTIFIED NUMBER OF MUNICIPALITIES ACROSS THE COUNTRY OVER A PERIOD OF 3 YEARS.**

- 2.3. The NSPDR E-Lodgement application system's need has grown tremendously over the past 12 months with many municipalities willing to adopt the E-lodgement in their environment for electronic land development application. As a result, this has created capacity bottleneck in terms of our own capacity to capture all the municipalities willing to adopt the E-lodgement as quickly as we would like.
- 2.4. The e-lodgement functionality seeks to address the absence of an automated system that can assist municipalities receiving and processing of land development applications. E-Lodgement facilitates electronic lodgement, assessment and consideration of applications through a secure portal with an automated internal workflow, and the system will be maintained by the department without burdening the municipality.

**3. OBJECTIVES**

- 3.1. The purpose of this TOR is to request the services of a service provider (s) to submit proposals for the provision of support strategy to engage, onboarding and training of municipalities to use the NSPDR E-Lodgement system across the Country.
- 3.2. As part of the stakeholder engagement, on-boarding and training activities of the NSPDR E-lodgement application, Proof of Concept (POC) must be presented to the municipalities that expressed interest in adopting the NSPDR E-lodgement system at an introductory stage.
- 3.3. The objective of the E-lodgement POC is to demonstrate the system and allow the municipalities to test the system functionality against a set of stipulated user requirements and possible customisation to feature the requirements of the municipality. The POC would provide the municipality with an opportunity to be adequately trained on the usage of the e-lodgement system and assess the impact of the system on their day to day operations. This will provide municipalities with valuable insight in understanding the merits and demerits of the system from a user perspective.
- 3.4. The service provider must identify the dependencies highlighting its significance to successfully implement the E-lodgement system at the municipal environment.

**TERMS OF REFERENCE (TOR) FOR THE APPOINTMENT OF A SERVICE PROVIDER TO PROVIDE THE NATIONAL SPATIAL PLANNING DATA REPOSITORY (NSPDR) E-LODGE MENT ONBOARDING AND TRAINING SUPPORT SERVICES TO 30 IDENTIFIED NUMBER OF MUNICIPALITIES ACROSS THE COUNTRY OVER A PERIOD OF 3 YEARS.**

A list of requirements must be drafted and provided to the respective municipal ICT, human resources, streamlining of municipal processes and engage different levels of representatives to confirm the readiness of their environment.

- 3.5. Support the Establishment of committees with members assigned to participate in the POC with detailed activities for municipal officials and committee members with set timeframe to meet the targets.
- 3.6. Assess the ICT environment and present the actual hardware requirements and also configure the NSPDR e-lodgment module to support the busines of each identified municipality.
- 3.7. To also conduct and test the end-user training material and loading of relevant municipal data and documents.
- 3.8. The service provider must take acquaintance of the Spatial Data Partnership Protocol (SDPP) document drafted by the department to engage with municipalities to share their spatial information to feed on the NSPDR ecosystem. The SDPP will inform the memorandum of understanding (MOU) between the municipality and the department in terms of the requirements, the roles and responsibilities of each party. The SDPP must be customed on the basis on such discussions with each municipality.
- 3.9. Develop a framework document that will be used to define the scope and activities per municipality and costed implementation plan for onboarding identified municipalities.
- 3.10. The service provider must identify at least ten (10) municipalities to be onboarded and trained per single financial year.
- 3.11. The service provider must at least train **minimum of 2 municipal officials** as identified and nominated by the municipality as part of the implementation process.

**4. SCOPE OF WORK.**

- 4.1. The Department of Agriculture, Land Reform and Rural Development seeks to appoint service provider (s) that will help to engage wide range of the NSPDR E-Lodgement stakeholders across the country, onboarding municipalities and train municipalities that are willing to adopt e-lodgement system and apply it in their own environment. The service package must include the following:
- 4.1.1. Develop engagement strategy to inform the municipality hierarchy of the e-lodgement benefits and present the POC to the municipality for the purpose of municipal buy-in. This must take cognisance of SDPP that also seeks cooperation with stakeholders and data custodians to share spatial information for the NSPDR ecosystem which is embedded with the e-lodgement system.
  - 4.1.2. Develop training manual with clear step-by-step guidelines to setup and utilize the system by municipal officials.
  - 4.1.3. The service provider must package the system dependencies per municipality and present it to the relevant municipal officials. The implementation of e-lodgement requires specific minimal requirements (hardware etc) for municipal environment setup, and these requirements must be presented to the municipality.
  - 4.1.4. Propose municipal working committee that will ensure and oversee the implementation of e-lodgement within the stipulated time frame.
  - 4.1.5. The service provider must submit monthly report and present the status quo report to the Departmental PSC for approval.
