TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER TO DEVELOP A LAND USE SCHEME AND SPATIAL DEVELOPMENT FRAMEWORK ASSESSMENT FRAMEWORK TOOL FOR A PERIOD OF 6 MONTHS

1. INTRODUCTION

- 1.1. The Department of Agriculture, Land Reform and Rural Development (DALRRD) requests the services of a firm to develop a Land Use Scheme (LUS) and Spatial Development Framework (SDF) Assessment Framework tool for a period of six (6) Months.

2. BACKGROUND

- 2.1. Pre-1994 spatial planning and land use management was designed to serve a political idea of segregation, differentiation, and privilege. This resulted in multiple laws, institutions and parallel processes instituted by pre-1994 pieces of legislation. These laws were fragmented across the old boundaries of the then four (4) provincial administrations, homelands, and Self-Governing Territories (SGT).
- 2.2. The Spatial Planning and Land Use Management Bill was assented to by the President on 2 August 2013 and gazetted on 5 August 2013 as the Spatial Planning and Land Use Management Act No. 16 of 2013(SPLUMA). The Act was brought into operation on 1 July 2015 and its purpose was to address past spatial and regulatory imbalances, promote greater consistency and uniformity in the application procedures and decision-making by authorities responsible for spatial planning and land-use decisions and development applications, among other things.
- 2.3. The department together with other partners has the responsibility to ensure that the Act is operational and implemented through the Branch Spatial Planning and Land Use Management.

- 2.4. SPLUMA puts forward development principles, norms and standards for spatial planning and land use management. It further provides for the preparation of spatial development frameworks by all three tiers of government and to ensure adherence by stating in section 12 that national, provincial government and municipalities must participate in spatial planning and land use management processes that impact each other to ensure that plans and programmes are aligned and coordinated.
- 2.5. Spatial Development Frameworks are deemed an important component of spatial planning and chapter four (4) of SPLUMA provides for the preparation of Chapter 4 of the SPLUMA makes provision for Spatial Development Frameworks (SDFs) for national, provincial and municipal spheres of government and regions as declared by the DALRRD Minister.
- 2.6. SPLUMA Section 14, 16 19 and 21 provides for the content of both National, provincial, Regional and Municipal spatial development frameworks respectively, and these said level of spatial development frameworks should give effect to the development principles and applicable Norms and Standards as set out.
- 2.7. Chapter 5 of SPLUMA states that the executive authority of a municipality must, in the development, preparation and adoption or amendment by such municipality of its land-use scheme, subject to the provisions of this Act, provide general policy and other guidance. Section 24 of SPLUMA requires that a Municipality, must after public consultation, adopt and approve a single land use scheme for its entire area. Section 25 of SPLUMA further provides for the purpose and content of the land use scheme.
- 2.8. The department has developed various tools and guidelines to aid municipalities and consultants in the process to develop LUSs and SDFs as per the requirements of SPLUMA. These include the SDF and LUS Guidelines, and the Model Land Use Scheme. These guidelines need to be supported by an assessment framework as proposed by these Terms of Reference which will assist municipalities and the department to evaluate the quality of the SDF and LUS and propose ways to address them especially in municipalities with limited capacity.
- 2.9. Notwithstanding the guidelines and supported provided by the department, it is acknowledged that there are capacity challenges within some municipalities to develop credible SDFs and LUSs, hence the need for this initiative aiming towards the evaluation

of the spatial development frameworks and land-use schemes to ensure its compliance to the Act, quality and credibility.
