THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

1 PILLARS OF THE PROGRAMME

- 1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$ 10 million or other currency equivalent to US\$ 10 million will have a NIP obligation. This threshold of US\$ 10 million can be reached as follows:
- (a) Any single contract with imported content exceeding US\$10 million.
or
 - (b) Multiple contracts for the same goods, works or services each with imported content exceeding US\$3 million awarded to one seller over a 2 year period which in total exceeds US\$10 million.
or
 - (c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US\$10 million.
or
 - (d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US\$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US\$10 million.
- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a *pro-rata* basis.
- 1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.

- 1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

- 2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of **R10 million** (ten million Rands), submit details of such a contract to the DTI for reporting purposes.

- 2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

- 3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.

- 3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million Rands), to contact and furnish the DTI with the following information:

- Bid / contract number.
- Description of the goods, works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

- 3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr Elias Malapane within five (5) working days after award of the contract. Mr Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the programme.

4 PROCESS TO SATISFY THE NIP OBLIGATION

- 4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required, the following steps will be followed:
- a. the contractor and the DTI will determine the NIP obligation;
 - b. the contractor and the DTI will sign the NIP obligation agreement;

- c. the contractor will submit a performance guarantee to the DTI;
- d. the contractor will submit a business concept for consideration and approval by the DTI;
- e. upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;
- f. the contractor will implement the business plans; and
- g. the contractor will submit bi-annual progress reports on approved plans to the DTI.

4.2 The NIP obligation agreement is between the DTI and the successful bidder (contractor) and, therefore, does not involve the purchasing institution.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

TERMS OF REFERENCE FOR THE APPOINTMENT OF SERVICE PROVIDER(S) TO ASSIST WITH THE RATIONALIZATION OF ALL LAND USE LAWS AND RELATED PIECES OF LEGISLATION CURRENTLY IN OPERATION TO IMPLEMENT THE SPATIAL PLANNING AND LAND USE MANAGEMENT ACT, No. 16 of 2013 (SPLUMA) FOR A PERIOD OF 12 MONTHS

1. INTRODUCTION

1.1. The Department of Agriculture Land Reform Rural Development (DALRRD) requires professional services of a service provider(s) to rationalize all land use laws, and related pieces of legislation currently in operation in relation to the Spatial Planning and Land Use Management Act, No. 16 of 2013 (SPLUMA) within a period of twelve (12) months.

2. BACKGROUND

2.1. The country is faced with complex challenges such as the spatially distorted and fragmented settlement patterns resulting mainly from activities of the past apartheid regime. Attempts at addressing the spatial dysfunction are often frustrated by, *inter-alia* inadequate co-ordination of efforts related to spatial planning across the three spheres of government hence the continued existence and operation of multiple land use management, and related laws at national, provincial and local government.

2.2. However, a shared strategic vision for the spatial structure of the country has emerged through the introduction of the National Development Plan in 2011, calling for the reform of the planning system to resolve fragmented responsibility for planning in the country, and the promulgation of the SPLUMA.

2.3. The SPLUMA was compiled as a response to rectify the misalignment of planning legislation, the misunderstanding of the powers and functions of the

TERMS OF REFERENCE FOR THE APPOINTMENT OF SERVICE PROVIDER(S) TO ASSIST WITH THE RATIONALIZATION OF ALL LAND USE LAWS AND RELATED PIECES OF LEGISLATION CURRENTLY IN OPERATION TO IMPLEMENT THE SPATIAL PLANNING AND LAND USE MANAGEMENT ACT, No. 16 of 2013 (SPLUMA) FOR A PERIOD OF 12 MONTHS

three spheres of government. The SPLUMA was signed into law by the President on 02 August 2013, and formally published in the government gazette on 05 August 2013. The Act came into operation on 1 July 2015.

- 2.4. SPLUMA is clear in Section 2 (2) stipulating that “*Except as provided for in this Act, no legislation not repealed by this Act may prescribe an alternative or parallel mechanism, measure, institution or system on spatial planning, land use, land use management and land development in a manner inconsistent with the provisions of this Act*”.
- 2.5. Therefore, SPLUMA recognises the existence and operation of multiple laws at national and provincial spheres of government and that various laws governing land use give rise to inconsistency and uncertainty of municipal spatial planning and land use management systems and procedures. Therefore, the need to amend and if necessary repeal land use legislation that are inconsistent with SPLUMA or provides for parallel processes and mechanisms.

3. PROBLEM STATEMENT

- 3.1. The purpose of SPLUMA is to provide a uniform, recognisable and comprehensive system of spatial planning and land use management and is administered by the DALRRD, whereas other spatial planning and land use related pieces of legislation is administered by other spheres and organs of government.
- 3.2. According to Schedule 3 of the SPLUMA, the following pieces of legislation have been repealed:
- Removal of Restrictions Act, Act No 84 of 1967
 - Physical Planning Act, Act No 88 of 1967
 - Physical Planning Act, Act No 125 of 1991
 - Development Facilitation Act, Act No 67 of 1995
- 3.3. Therefore, the SPLUMA does not have the authority in terms of the Constitution to repeal other land use related legislation. Non-repeal or amendment of these

laws further compounds the problem. Hence, the Department envisages that other affected laws should be identified and rationalised or repealed.

3.4. The challenges in the current land use legislative environment is summarized as follows:

3.4.1. Legislative

- Conflict and inconsistency between legislation more especially old order provincial legislation;
- Multiple laws governing and/or impacting land use management
- Too many legislative requirements; and
- Authority over these pieces of legislation resides in different spheres and sectors of government.

3.4.2. Institutional

- Too much overlap on institutional mandates;
- Different institutions seem to have the same authority over similar land use issues; and
- Lack of capacity in these institutions.

3.4.3. Municipal planning

- Multiple requirements and approvals for land development applications;
- Lengthy development application approval processes
- Lack of capacity resulting in poor planning decisions;
- Inappropriately heavy burden on applicants and municipal authority.

4. SCOPE OF PROJECT
