THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

1 PILLARS OF THE PROGRAMME

- 1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$ 10 million or other currency equivalent to US\$ 10 million will have a NIP obligation. This threshold of US\$ 10 million can be reached as follows:
- (a) Any single contract with imported content exceeding US\$10 million.
or
 - (b) Multiple contracts for the same goods, works or services each with imported content exceeding US\$3 million awarded to one seller over a 2 year period which in total exceeds US\$10 million.
or
 - (c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US\$10 million.
or
 - (d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US\$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US\$10 million.
- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a *pro-rata* basis.
- 1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.

- 1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

- 2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of **R10 million** (ten million Rands), submit details of such a contract to the DTI for reporting purposes.

- 2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

- 3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.

- 3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million Rands), to contact and furnish the DTI with the following information:

- Bid / contract number.
- Description of the goods, works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

- 3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr Elias Malapane within five (5) working days after award of the contract. Mr Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the programme.

4 PROCESS TO SATISFY THE NIP OBLIGATION

- 4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required, the following steps will be followed:
- a. the contractor and the DTI will determine the NIP obligation;
 - b. the contractor and the DTI will sign the NIP obligation agreement;

- c. the contractor will submit a performance guarantee to the DTI;
- d. the contractor will submit a business concept for consideration and approval by the DTI;
- e. upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;
- f. the contractor will implement the business plans; and
- g. the contractor will submit bi-annual progress reports on approved plans to the DTI.

4.2 The NIP obligation agreement is between the DTI and the successful bidder (contractor) and, therefore, does not involve the purchasing institution.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

TERMS OF REFERENCE FOR THE DEVELOPMENT OF THE IMPLEMENTATION PLAN FOR THE NATIONAL URBAN REGIONS AS IDENTIFIED IN THE DRAFT NATIONAL SPATIAL DEVELOPMENT FRAMEWORK.

1. INTRODUCTION

- 1.1. The Department of Agriculture, Land Reform and Rural Development (DALRRD) requests the services of a multi-disciplinary team to develop an Implementation Plan for the National Urban Regions (NURs).
- 1.2. The NURs are amongst the National Strategic Action Areas (NSAAs) prioritised for intervention in the Draft National Spatial Development Framework (NSDF). The Implementation Plan for the NURs is expected to be completed within ten (10) months.

2. BACKGROUND

- 2.1. The DALRRD in conjunction with the Department of Planning Monitoring and Evaluation (DPME), has undertaken the development of the National Spatial Development Framework (NSDF) of South Africa in accordance with the provisions of Section 13 of the Spatial Planning and Land Use Management Act (SPULMA) and chapter eight (8) of the National Development Plan 2030 (NDP).
- 2.2. The NSDF has provided a national spatial scheme to inform, direct, prioritise and guide all future infrastructure investment and development spending decisions by government and the private sector; to optimize place-based potentials and spatial interdependencies, and to realise the 2050-National Spatial Development Framework Vision. Furthermore, the NSDF realizes South Africa's core national development objectives, as encapsulated in our national development paradigm.
- 2.3. To create such a 'shared, smaller, better connected and more sustainable South Africa', the NSDF identifies the most urgent short-term, strategic spatial development catalysts to (1) bring about radical spatial transformation at scale,

TERMS OF REFERENCE FOR THE DEVELOPMENT OF THE IMPLEMENTATION PLAN FOR THE NATIONAL URBAN REGIONS AS IDENTIFIED IN THE DRAFT NATIONAL SPATIAL DEVELOPMENT FRAMEWORK.

and (2) manage and mitigate rising national risks. These are called National Spatial Action Areas (NSAAs).

2.4. The NSAAs comprises of five (5) spatial action areas. These are the (1) National Transformation Corridors; (2) National Resource Risk Areas; (3) Arid Innovation Regions; **(4) National Urban Regions**, and the (5) Central Innovation Belt. These terms of references specifically look into the development of an Implementation Plan for the National Urban Regions (NURs).

2.5. There are three (3) NURs as indicated below;

- **Gauteng Urban Region;**
- **eThekweni Urban Region;**
- **Cape Town Urban Region.**

2.6. The primary attributes supporting the demarcation of these National Urban Regions is that they contribute to the socio-economic development of the country and additionally have the following attributes:

- A concentration of the bulk of the country's economic activities, and those economic activities of the highest value, are concentrated;
- Will act as drivers to the national transition to a high-value service-based economy;
- Greatest prospects for job creation through upstarts, small-scale activities and the arts, culture and entertainment industries;
- The bulk of (1) imports and exports, and (2) tourists visiting the country, pass through.

2.7. Taking into consideration the unique characteristics of the National Urban Regions it is necessary to develop an Implementation Plan that will speak specifically to each regions spatial characteristics, whilst taking into consideration national significance. This is in line with the provisions of developing Implementation Plan for the NSDF. . The NSDF implementation plan is not finalized

TERMS OF REFERENCE FOR THE DEVELOPMENT OF THE IMPLEMENTATION PLAN FOR THE NATIONAL URBAN REGIONS AS IDENTIFIED IN THE DRAFT NATIONAL SPATIAL DEVELOPMENT FRAMEWORK.

and will further inform the envisaged work for this project and will also provide a framework to ensure the integration and alignment between the different spatial action areas. It is envisaged that the implementation plan will be finalized during the duration of this project.

3. AIM OF THE NSDF NSAAs

- 3.1. The NSDF NSAAs represent the most urgent strategic spatial development catalysts to (1) bring about radical spatial transformation at scale, and (2) manage and mitigate rising national risks, and as such, require immediate national action.
- 3.2. The implementation of the NSDF NSAAs aims to put action towards the realization of the spatial concepts and principles of national spatial planning as guided and articulated by the NSDF. The NSAAs implementation will ensure that the outcomes of spatial transformation are practised and realized through measurable, coordinated, aligned and spatially targeted actions across all spheres of government and national sector departments, including the private sector and local communities.
- 3.3. To address the gap between our national spatial development vision and the current status quo.

4. OBJECTIVES

- 4.1. The key objective of the project is to appoint a service provider to develop the Implementation Plan for the National Urban Region as defined in the NSDF for ten (10) months. The Implementation Plan for the NURs must:
 - i. Be aligned to the NSAAs as per the NSDF
 - ii. Develop suitable, achievable, and, measurable objectives for the NURs

- vi. Clearly define the roles and responsibilities of stakeholders (national, provincial and local government, SOEs, private sector, and citizens) in the implementation of the NURs
- vii. Contain a detailed implementation schedule where applicable setting out short, medium and long-term priorities.

5. SCOPE OF WORK
