CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

TERMS OF REFERENCE FOR THE APPOINTMENT OF A RESEACHER TO CONDUCT AN IMPACT STUDY ON THE EFFECT THE COVID-19 PANDEMIC MAY HAVE ON THE VALUATIONS PERFORMED BY THE OFFICE OF THE VALUER GENERAL (OVG) IN LINE WITH THE PROPERTY VALUATION ACT, NO.17 OF 2014 (PVA) FOR A PERIOD OF FOUR (4) MONTHS.

1. INTRODUCTION AND BACKGROUND

The Office of the Valuer-General was established by the Property Valuation Act No.17 of 2014 (PVA) and subsequently listed as a National Public Entity in terms of Schedule 3A of the Public Finance Management Act. The OVG has the mandate of supporting the programme of Land Reform through providing independent and credible property valuation services.

Although the Office of the Valuer-General works closely in co-operation with the other institutions in the Rural Development and Land Reform portfolio, it does so with a significant degree of autonomy that adds further credibility to the Land Reform process for the benefit of all stakeholders. The Land Reform programme has benefited from the initial work done by the OVG with the consideration of other constitutional factors beyond market value in the determination of just and equitable values for the acquisition of property.

Effective 30th September 2021, the OVG will be operating independently as a stand-alone entity, reporting directly to the Minister of Agriculture, Land Reform and Rural Development. The OVG will implement its own governance structures, systems and processes that will enable it to effectively execute on the critical mandate of ensuring high quality and impartial property valuations for the purposes of Land Reform.

The OVG has, together with other businesses locally and internationally, experienced the effects of the pandemic referred to as COVID-19 on its day to day core business operations.

The OVG foresees that in the near and not so distant future, COVID-19 will directly impact the property values that the OVG determines in line with section 12(1)(a) and (b) of the PVA and its Regulations.

TERMS OF REFERENCE FOR THE APPOINTMENT OF A RESEACHER TO CONDUCT AN IMPACT STUDY ON THE EFFECT THE COVID-19 PANDEMIC MAY HAVE ON THE VALUATIONS PERFORMED BY THE OFFICE OF THE VALUER GENERAL (OVG) IN LINE WITH THE PROPERTY VALUATION ACT, NO.17 OF 2014 (PVA) FOR A PERIOD OF FOUR (4) MONTHS.

The OVG is in the process of implementing its own in-house research database that will enable it to effectively execute on the critical mandate of ensuring Just and Equitable valuation reports based on good quality data.

Such a research database will span beyond the lockdown and will be reviewed annually. For such services the OVG will be required to engage with treasury and will be obliged to follow the normal SCM processes.

The OVG as a newly established schedule 3(A) entity and in the process of capacitating its office, as mentioned above, will in the interim, be on a drive to procure a service provider to undertake a study on the impact the pandemic has had and potentially will have, on the valuations performed by the OVG as legislated.

The appointed service provider will assist the OVG in ensuring that the entity reports efficiently and effectively on the impact the pandemic has had on property markets using updated and sufficiently researched data.

Additionally, the impact study will assist in the Quality Assurance of valuation reports undertaken by the OVG and thus shortening turnaround times and eliminating bottlenecks pertaining to disagreements in property values by property owners.

2. SCOPE OF WORK

The scope of the Research study is primarily to determine the impact of the COVID-19 pandemic on the Property Sector, with particular emphasis on agricultural property markets, and on the implications for the OVG's valuation practices and procedures in terms of the PVA and Regulations.

The appointed service provider will have to provide an informed and reliable impact study, and will be responsible for the following:
