TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER TO DEVELOP NATIONAL EDUCATION AND TRAINING STRATEGY FOR AGRICULTURE, LAND REFORM AND RURAL DEVELOPMENT, FOR A PERIOD OF 4 MONTHS

1. PURPOSE:

The Department of Agriculture, Land Reform and Rural Development (DALRRD) is looking for a relevant and experienced service provider to develop National Education and Training Strategy for Agriculture, Land Reform and Rural Development, for a period of 4 months.

2. BACKGROUND AND DISCUSSION:

2.1. In 2015, the Department of Agriculture, Forestry and Fisheries in collaboration with its stakeholders developed the National Education and Training Strategy for Agriculture, Forestry and Fisheries. The Strategy signalled the Department's coordinated effort in enhancing skills development for the sector in a manner that engages all role players.

2.2. The Strategy resonated with the sentiments of the National Youth Policy: 2020 which highlights the need to develop the requisite knowledge and skills and institutional capacity particularly among women and youth. It is through this Strategy that the Department coordinated various programmes, to mention, but few: External Bursary Scheme to support young people who want to pursue careers identified as scarce and critical in the sector, placement of unemployed graduates, the establishment of youth owned and/or managed enterprises, development of young entrepreneurs and producers, young researchers and professionals, training and mentorship to subsistence and smallholder farmers.

- 2.3. The National Education and Training Strategy was designed to address the broad issues of education and training in the sector, but it was more focused on higher education. This opened the door to look at the provision of vocational training for the sector and as such, in 2018 the Department developed Vocational Education and Training (VET) Strategy for Agriculture, Forestry and Fisheries.
- 2.4. Through the VET Strategy, the Department wished to strengthen the VET system supporting the sector that it responds to demands of the labour market. The VET Strategy further intended that the VET system supporting the sector will be substantially transformed to ensure that the vocational education offered by the VET programmes:
- 2.4.1. Prepare the learner for work – either as an employee or as an entrepreneur in a profession, occupation or trade;
 - 2.4.2. Produce personnel with flexible capacity and competence, making them mobile and capable of working effectively in their chosen fields;
 - 2.4.3. Combine theory and applied theory learning at an educational institution with practical authentic work experience in a farm or business through which occupational competences that are relevant to the labour market are developed; and which competences can be applied with minimal adaptation to the same or similar occupation in another farm or business.
- 2.5. In May 2019, South Africa held its sixth national and provincial elections. After these elections, Government reconfigured to forge for better alignment of the objectives of the Medium Term Strategic Framework (MTSF) and the Department of Agriculture, Forestry and Fisheries reconfigured to become the Department of Agriculture, Land Reform and Rural Development.
- 2.6. This change necessitates the development of the National Education and Training Strategy which covers higher and vocational education and training, and which is aligned to the current mandate of the Department of Agriculture, Land Reform and Rural Development and skills development landscape at
