Department:
Agriculture, Land Reform and Rural Development
REPUBLIC OF SOUTH AFRICA

Annual Citrus Coordinating Meeting

Promoting the competitiveness of South African citrus fruit in the international markets through:

- Streamlining export procedures and planning for the next citrus fruit export season
- Maintaining existing citrus fruit special markets and discussing potential new markets
- Enhancing compliance with phytosanitary, food safety and quality assurance requirements for the targeted markets
- Citrus fruit export performance reviewing for previous season and phytosanitary registration for the next season

Successful citrus fruit export depends on compliance with the requirements of the importing country throughout the value chain and competitiveness of the citrus in the international markets.
