

Research and Training Strategies for Goat Production Systems in South Africa

Proceedings of a Workshop held on

22-26 November 1998

at

Kings Lodge, Hogsback
Eastern Cape
South Africa

Edited by
E.C. Webb, P.B. Cronjé & E.F. Donkin

CONTENTS

Goat production in South Africa: Constraints and opportunities

	Pages
1. Forward.....	<i>iii</i>
2. Welcome - <i>Norman Casey (University of Pretoria)</i>	<i>1</i>
3. Perspectives on the constraints, opportunities and issues surrounding research on goat production in Southern Africa - <i>Pierre Cronjé (University of Pretoria)</i>	<i>2</i>
4. Improving goat production from village systems in tropical climates: An experience from Southern Thailand - <i>Barry Norton, (University of Queensland)</i>	<i>6</i>
5. The Australian goat industries - <i>Barrie Restall (University of Queensland)</i>	<i>9</i>
6. Farming systems approach: The case of goats in communal farming systems - <i>Lawrence Tawah (University of the North)</i>	<i>11</i>
7. Socio-economic aspects of sustainable goat production - <i>Roelf Coetzee (University of the North)</i>	<i>14</i>
8. The condition, productivity and sustainability of communally grazed rangelands in the Central Eastern Cape Province - <i>Theuns De Bruyn (University of Fort Hare)</i>	<i>18</i>

Goat products and product quality

1. Milk production from goats for households and small-scale farmers in South Africa - <i>Ned Donkin (Medical University of South Africa - Veterinary Faculty)</i>	<i>28</i>
2. A comparison of goat growth performance in a communal and commercial farming system in the Central Eastern Cape Province, South Africa - <i>Patrick Maseka (University of Fort Hare)</i>	<i>34</i>
3. The potential of leather production from goats - <i>Mike Ginn (Leather Industries Research Institute)</i>	<i>42</i>
4. Potential of goats in the arid sweet bushveld of the Northern Province - <i>Isak du Plessis (Mara Research Station, Department of Agriculture)</i>	<i>46</i>
5. The potential utilisation of South African indigenous goats for cashmere production - <i>Albie Braun (Textile Technology division - CSIR)</i>	<i>50</i>
6. Biological constraints and opportunities for the production of meat, milk and fibre from Australian cashmere goats- <i>Barry Norton (University of Queensland)</i>	<i>55</i>

Pasture and veld management

1. Feeding behaviour of free ranging goats - <i>Jan Raats (University of Fort Hare)</i>	<i>59</i>
2. Short term effect of fire, Boer goats and cattle on the woody component of the Sourish Mixed Bushveld in the Northern Province of South Africa - <i>Jorrie Jordaan (Tawoomba Research Station, Department of Agriculture)</i>	<i>66</i>
3. Potential of agroforestry shrubs and tree legumes in communal goat farming systems - <i>Lindela Ndlovu (University of the North)</i>	<i>71</i>
4. Impacts of browsing woody plants in African savannahs - <i>Peter Scogings (University of Fort Hare)</i>	<i>76</i>
5. Management of goats at pasture - <i>Barry Norton (University of Queensland)</i>	<i>78</i>

Goat breeding and reproduction

1. Reproductive status of goats in communal systems in South Africa - <i>Eddie Webb</i> (<i>University of Pretoria</i>).....	80
2. Cervical insemination of indigenous does with frozen-thawed goat semen during the non-breeding season - <i>Johan Terblanche</i> (<i>University of Pretoria - Veterinary Faculty</i>)....	87
3. Controlled breeding for improved reproductive efficiency in goats - <i>Johan Greyling</i> (<i>University of the Free State</i>).....	90
4. <i>In vitro</i> production of embryos for improved goat production - <i>Theresa Arlotto</i> (<i>University of Pretoria - Veterinary Faculty</i>).....	92
5. Reproduction of goats at pasture - <i>Barrie Restall</i> (<i>University of Queensland</i>).....	95
6. Evaluation of cashmere production in the Adelaide Boer goat flock - <i>Joshua Roux</i> (<i>Cradock Experimental Station, Department of Agriculture</i>).....	97
7. Implications of selection of goats for divergent production characteristics in environments subject to fluctuations in nutrient supply - <i>Pierre Cronje</i> (<i>University of Pretoria</i>).....	100

Goat research

Current goat research projects.....	102
□ Agricultural Research Council - H. Dombo.....	102
□ University of Fort Hare - J. Raats.....	105
□ Mara Research Station - I. Du Plessis.....	107
□ Medunsa - E.R. du Preez.....	108
□ Medunsa - E.F. Donkin.....	111
□ University of Pretoria - E.C. Webb.....	115

SUMMARY OF ISSUES DISCUSSED AND RESEARCH PRIORITIES IDENTIFIED

see p. 118

LIST OF PARTICIPANTS	<i>p. 123</i>
