Mixed Farming Enterprise

Awards & Accolades

"It's a challenge getting the right people to listen to you and see the potential of your operation. I know I could do so much if I were given the opportunity to expand."

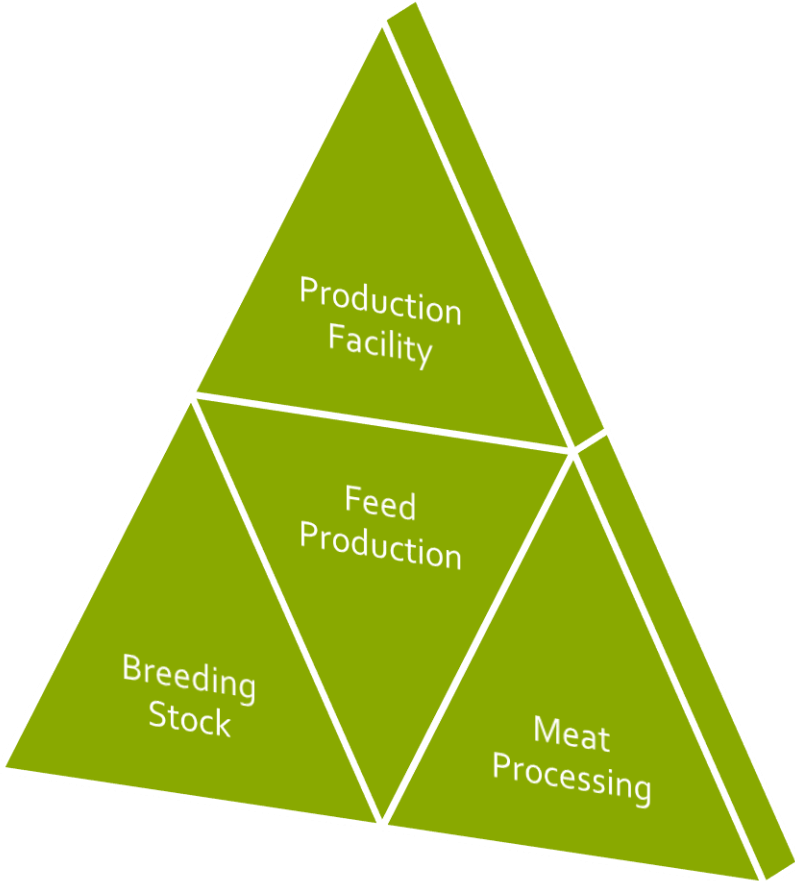

Thato wants to expand her operations and at the same time develop other young people.

"I've developed an experiential learning programme that will be accredited by the Agricultural Sector Education and Training Authority next year. We'll be giving learnerships and graduate placements to local youth and unemployed graduates."

She says her purpose is to

Sustainable Meat Production

Experience

A report for:

The development of integrated agrifood production systems that address socio-economic development in emerging economies
