#### *Behandeling van diere teen uitwendige parasiete* [9 (2) (a), 11 (1) (b) (i)]

10. (1) 'n Dier wat met uitwendige parasiete besmet is, of vermoed word aldus besmet te wees, moet ingevolge die bepalinge van artikel 11 (1) (b) (i) van die Wet op die toepaslike wyse in subregulasie (2), (3) of (4) uiteengesit, met 'n doeltreffende middel volgens die gebruiksaanwysings daarvan behandel word.

(2) Beeste, ekwides en gevangde wild moet—

- (a) gedip word deur hulle te laat inspring in en swem deur 'n dipbak wat voldoen aan die vereistes in regulasie 25 uiteengesit; of
- (b) bespuit word in 'n spuitgang wat voldoen aan die vereistes in regulasie 25 uiteengesit of enige ander apparaat totdat hulle oral tot op die vel nat is.

(3) Skape, bokke en varke moet—

- (a) gedip word deur elke skaap, bok of vark vir minstens 60 sekondes in 'n dipbak wat voldoen aan die vereistes in regulasie 25 uiteengesit, te hou en deur elke sodanige skaap, bok of vark minstens drie keer gedurende daardie tydperk geheel en al, insluitend kop en ore, in die dipmengsel te onderdompel; of
- (b) met die hand behandel word op die plekke op sodanige skape, bokke of varke wat met uitwendige parasiete besmet is, nadat die wol of hare, in die geval waar dit lank is, op sodanige plekke tot hoogstens 4 mm lank afgeskeer is.

(4) Beeste, ekwides, gevangde wild, skape, bokke, varke en alle ander diere kan op enige ander wyse wat vir die direkteur aanvaarbaar is teen uitwendige parasiete behandel word.

#### *Toepassing van beheerde veteriniere handeling* [9 (2) (a), 11 (1) (b) (i)]

11. (1) Ten einde 'n beheerde doel met betrekking tot 'n beheerde diersiekte in kolom 1 van Tabel 2 vermeld, te bereik, moet elke verantwoordelike persoon sy vatbare-, kontak- of besmette diere, uitgesonderd wild wat nie makgemaak is nie, van die soorte in kolom 3 van vermeldde tabel

(b) be submitted to reach the office of the director at least six weeks before the animal, parasite or thing concerned is removed from or out of any place outside the Republic for the purpose of importing it into the Republic: Provided that the director may, if he is satisfied that a permit may be issued immediately upon the receipt of such application, waive this requirement;

(c) in the case of an animal, semen, ova or eggs referred to in section 16 (1) of the Livestock Improvement Act, 1977 (Act 25 of 1977), be accompanied by the written authority referred to in the aforesaid section of the said Act; and

(d) in the case of an animal or thing in respect of which the director requires that it has to be detained in a quarantine station, be accompanied by the applicable written confirmation contemplated in section 5 (4) of the Act and a confirmation that the fees referred to in regulation 7 were paid.

#### *Detention of controlled animals and things* [6 (2) (c)]

9. A controlled animal or thing shall be detained at a place of entry in such a manner that—

- (a) each consignment is kept separately;
- (b) in the case of the perishable thing, the quality thereof will not be adversely affected; and
- (c) no other controlled animal or thing can come in contact therewith, be contaminated or infected thereby.

#### *Treatment of animals against external parasites* [9 (2) (a), 11 (1) (b) (i)]

10. (1) An animal that is infected with external parasites, or suspected to be so infected shall in terms of section 11 (1) (b) (i) of the Act be treated with an efficient remedy according to the instructions for use thereof in the applicable manner set out in subregulation (2), (3) or (4).

(2) Cattle, equines captured game shall—

- (a) be dipped by having them jump into and swim through a dipping tank complying with the requirements set out in regulation 25; or
- (b) be sprayed in a spray race complying with the requirements set out in regulation 25 or any other apparatus, until they are wetted all over to the skin surface.

(3) Sheep, goats and pigs shall—

- (a) be dipped by keeping each sheep, goat or pig for at least 60 seconds in a dipping tank, complying with the requirements set out in regulation 25, and by totally submerging each such sheep, goat or pig, including head and ears, at least three times during that period under the dipping mixture; or
- (b) be hand dressed on the places on such sheep, goats or pigs that are infected with external parasites after the wool or hair, in the case where it is long, has been shaved on such places to a length not exceeding 4 mm.

(4) Cattle, equines, captured, sheep, goats, pigs and all other animals may be treated against external parasites in any other manner that is acceptable to the director.

#### *Application of controlled veterinary acts* [9 (2) (a), 11 (1) (b) (i)]

11. (1) In order to achieve a controlled purpose with regard to a controlled animal disease specified in column 1 of Table 2, every responsible person shall in respect of his susceptible, contact or infected animals, excluding game that is not tamed, of the kinds specified in column 3 of the

daarteenoor vermeld, die toepaslike beheerde veteriniere handeling in kolom 4, 5 of 6 van genoemde Tabel vermeld, op so 'n dier en die voortbrensel of produk daarvan toepas of laat toepas.

(2) Ondanks die bepalings van subregulasie (1)—

- (a) kan die verantwoordelike Staatsveearts indien hy deur die omstandighede van 'n verantwoordelike persoon of sy grond of diere oortuig is en dat die bereiking van die betrokke beheerde doel nie daardeur verydel sal word nie, skriftelik aan 'n verantwoordelike persoon uitstel verleen van die nakoming van 'n bepaalde beheerde veteriniere handeling vir die tydperk en onderhewig aan die voorwaardes wat hy bepaal; en
- (b) kan die direkteur by kennisgewing in 'n nuusblad op die wyse in regulasie 2 (1) (a) beoog en indien hy deur omstandighede in 'n beheerde gebied daartoe oortuig is en ook dat die bereiking van 'n beheerde doel nie daardeur verydel sal word nie, of deur middel van 'n rondskrywe, die verantwoordelike persone in 'n bepaalde beheerde gebied of 'n gedeelte van so 'n beheerde gebied geheel of gedeeltelik van die nakoming van 'n bepaalde veteriniere handeling vrystel.

(3) Wanneer 'n beheerde veteriniere handeling op 'n gereelde grondslag deur 'n beamppte, gemagtigde persoon of veearts verrig moet word, moet 'n verantwoordelike persoon—

- (a) sy diere van die soorte met betrekking waartoe sodanige beheerde veteriniere handeling verrig moet word, beskikbaar stel op die datum, tyd en plek wat die verantwoordelike Staatsveearts in 'n bevelskrif of in 'n kennisgewing in 'n nuusblad op die wyse beoog in regulasie 2 (1) (a) bepaal het; en
- (b) alle redelike hulp verleen wat die beamppte of gemagtigde persoon of veearts wat daardie handeling verrig, vereis.
- (4) Wanneer 'n middel in verband met 'n beheerde veteriniere handeling bedoel in subregulasie (1) gebruik word, moet—
- (a) 'n doeltreffende middel ooreenkomstig die gebruiksaanwysings daarvan gebruik word; of
- (b) 'n bepaalde doeltreffende middel deur die verantwoordelike Staatsveearts in 'n bevelskrif aan 'n verantwoordelike persoon vermeld, gebruik word ooreenkomstig die gebruiksaanwysings soos deur die verantwoordelike Staatsveearts in sodanige bevelskrif uiteengesit.

#### Aanmelding van voorkoms van beheerde dieresiektes [9 (2) (h), 11 (1) (b) (ii)]

12. (1) Die aanmelding van die voorkoms of vermoedlike voorkoms van 'n beheerde dieresiekte deur 'n verantwoordelike persoon ingevolge artikel 11 (1) (b) (ii) van die Wet moet onverwyld mondelings by die verantwoordelike Staatsveearts of verantwoordelike vee-inspekteur geskied, en moet so gou doenlik daarna skriftelik bevestig word.

(2) 'n Aanmelding in subregulasie (1) bedoel, moet—

- (a) die naam, posadres, woonadres en telefoonnommer van die verantwoordelike persoon wat die aanmelding doen, bevat;
- (b) 'n beskrywing van die besmette of vermoedelik besmette beheerde dier of ding, insluitend enige identifikasie-, brand- of oormerk wat daarop voorkom, verstrekk;
- (c) die simptome vermeld wat die betrokke beheerde dier of ding toon; en
- (d) 'n beskrywing van die plek bevat waar die betrokke beheerde dier of ding en, indien van toepassing, enige kontakdier en enige voortbrensel of produk van sodanige dier afgesonder word soos in regulasie 13 beoog.

said Table opposite thereto apply the applicable controlled veterinary act specified in column 4, 5 or 6 of the said Table to such animal and the progeny or product thereof or have it applied.

(2) Notwithstanding the provisions of subregulation (1)—

- (a) a responsible State Veterinarian may if he is satisfied by the circumstances of a responsible person or his land or animals and that the achievement of the controlled purpose concerned will not be defeated thereby, grant to a responsible person written postponement from compliance with a particular controlled veterinary act for such period and subject to such conditions as he may determine; and
- (b) the director may, by notice in a newspaper in the manner contemplated in regulation 2 (1) (a), or by means of a circular and if he is satisfied thereto by the circumstances in a controlled area and also that the achievement of a controlled purpose will not be defeated thereby, exempt the responsible persons in a particular controlled area or a portion of such controlled area wholly or partly from compliance with a particular controlled veterinary act.

(3) Whenever a controlled veterinary act has to be performed on a regular basis by an officer, authorised person or veterinarian, a responsible person shall—

- (a) make his animals of the kinds with regard to which such controlled veterinary act is to be performed, available on the date and at the time and place determined by the responsible State Veterinarian, in an order, or in a notice in a newspaper in the manner contemplated in regulation 2 (1) (a); and
- (b) render all reasonable assistance required by the officer, authorised person or veterinarian who performs that act.
- (4) When a remedy is to be used in connection with a controlled veterinary act referred to in subregulation (1)—
- (a) an efficient remedy shall be used in accordance with the directions for use thereof; or
- (b) a particular efficient remedy specified by the responsible State Veterinarian in an order to a responsible person shall be used in accordance with the directions of the responsible State Veterinarian set out in such order.

#### Reporting of incidence of controlled animal diseases [9 (2) (h), 11 (1) (b) (ii)]

12. (1) The reporting of the incidence or suspected incidence of a controlled animal disease by a responsible person in terms of section 11 (1) (b) (ii) of the Act shall forthwith be done verbally to the responsible State Veterinarian or responsible stock inspector, and shall be confirmed in writing as soon as possible thereafter.

(2) A report referred to in subregulation (1) shall—

- (a) contain the name, postal address, residential address and telephone number of the responsible person making such report;
- (b) furnish a description of the infected or suspected of being infected controlled animal or thing, including any identification, brand or ear mark that occurs thereon;
- (c) specify the symptoms shown by the controlled animal or thing concerned; and
- (d) contain a description of the place where the controlled animal or thing concerned and, if applicable, any contact animal and any progeny or product of such animal are isolated as contemplated in regulation 13.

(3) 'n Verantwoordelike persoon moet ook onverwyld die voorkoms of vermoedelike voorkoms van 'n beheerde dieresiekte bedoel in subregulasie (1) onder die aandag bring van—

- (a) elke eienaar of bestuurder van aangrensende grond en elke eienaar van vatbare diere op dieselfde of aangrensende grond; en
- (b) elke voornemende koper van sy vatbare diere asook iemand wat gedurende die onmiddellik voorafgaande 30 dae vatbare diere by hom gekoop het.

(4) Die bepalings van subregulasies (1) en (2) is *mutatis mutandis* van toepassing op iemand in beheer van 'n laboratorium of ander inrigting waar 'n beheerde dier of ding vir diagnostiese doeleindes ondersoek word.

Afsondering van beheerde diere of dinge [9 (2) (c), 11 (1) (a)]

13. (1) Wanneer, ten opsigte van 'n bepaalde beheerde dieresiekte, dit in kolom 5 of 6 van Tabel 2 vereis word dat 'n kontakdier of 'n besmette dier afgesonder moet word, moet die verantwoordelike persoon sodanige dier, asook enige voortbrengsel of produk daarvan op die grond waarop dit voorkom, afsonder deur—

- (a) 'n kontakdier en die voortbrengsel of produk daarvan, afsonderlik van 'n besmette dier en die voortbrengsel of produk daarvan te hou;
- (b) 'n kontakdier en 'n besmette dier in paragraaf (a) bedoel, en die voortbrengsel of produk daarvan, op so 'n wyse af te sonder dat vatbare diere nie daarmee in aanraking kan kom nie, of dat dit nie uit die plek van afsondering daarvan kan ontsnap nie;
- (c) te verseker dat vatbare diere nie van dieselfde weidings, suipings, stalle, krale, dipbakke, drukgange en ander geriewe as kontakdiere of besmette diere gebruik sal maak nie; en
- (d) te verseker dat dieselfde toerusting of apparaat nie in verband met kontakdiere of besmette diere en die voortbrengsel of produk daarvan, sowel as vatbare diere en die voortbrengsel of produk daarvan gebruik word nie tensy sodanige toerusting of apparaat doeltreffend ontsmet word op die wyse bedoel in regulasie 15 nadat elk sodanige kategorie diere en die voortbrengsel of produk van elk daarmee behandel is.

(2) Wanneer 'n dier wat op die hoef na ander grond beweeg word, met 'n beheerde dieresiekte besmet raak of vermoedelik aldus besmet geraak het voordat die bestemming daarvan bereik word, moet sodanige dier en ook enige kontakdier met die instemming van die eienaar of bestuurder van die grond waarop dit dan is, of van grond in die onmiddellike omgewing daarvan, op die wyse in subregulasie (1) beoog, afgesonder word, tensy die verantwoordelike Staatsveearts anders gelas.

(3) Behoudens die bepalings van subregulasie (4) bly 'n beheerde dier of ding wat ingevolge subregulasie (1) of (2) afgesonder is, in afsondering totdat die verantwoordelike Staatsveearts skriftelik—

- (a) die aanhouding daarvan opgehef het; of
- (b) die beskikking daarvoor gelas het op die wyse wat hy aandui.

(4) Niemand mag sonder die skriftelike magtiging van die verantwoordelike Staatsveearts, of in stryd met 'n voorwaarde wat hy in so 'n magtiging opleë, 'n beheerde dier of ding bedoel in subregulasie (3) van die plek van afsondering daarvan verwyder nie.

(3) A responsible person shall also forthwith bring the incidence or suspected incidence of a controlled animal disease referred to in subregulation (1) to the notice of—

- (a) each owner or manager of adjoining land and each owner of susceptible animals on the same or adjoining land; and
- (b) each prospective buyer of his susceptible animals as well as a person who has bought susceptible animals from him during the immediately preceding 30 days.

(4) The provisions of subregulations (1) and (2) shall *mutatis mutandis* apply to the person in charge of any laboratory or other institution at which a controlled animal or thing is examined for diagnostic purposes.

Isolation of controlled animals or things [9 (2) (c), 11 (1) (a)]

13. (1) When, in respect of a particular controlled animal disease it is required in column 5 or 6 of Table 2 that a contact animal or an infected animal be isolated, the responsible person shall isolate such animal as well as any progeny or product thereof on the land on which it occurs by—

- (a) keeping a contact animal and the progeny or product thereof, separate from an infected animal and the progeny or product thereof;
- (b) isolating a contact animal and an infected animal referred to in paragraph (a) and the progeny or product thereof in such a manner that susceptible animals cannot come in contact therewith, or that it cannot escape from the place of isolation thereof;
- (c) ensuring that susceptible animals will not make use of the same pastures, watering points, stables, kraals, dipping tanks, crush pens and other facilities as contact animals or infected animals; and
- (d) ensuring that the same equipment or apparatus will not be used in connection with contact animals or infected animals and the progeny or products thereof, as well as susceptible animals and the progeny or product thereof, unless such equipment or apparatus is efficiently disinfected in the manner referred to in regulation 15 after each such category of animals and the progeny or products thereof have been treated therewith.

(2) When an animal that is moved on the hoof to other land becomes or is suspected of having become infected with a controlled animal disease prior to reaching the destination thereof, such animal and also any contact animal shall with the concurrence of the owner or manager of the land on which it then is, or of land in the immediate vicinity thereof, be isolated in the manner contemplated in subregulation (1) unless the responsible State Veterinarian directs otherwise.

(3) Subject to the provisions of subregulation (4), a controlled animal or thing that is isolated in terms of subregulation (1) or (2) shall remain in isolation until the responsible State Veterinarian has in writing—

- (a) revoked the isolation thereof; or
- (b) ordered the disposal thereof in the manner indicated by him.

(4) No person shall without the written authority of the responsible State Veterinarian, or contrary to any condition imposed by him in such authority, remove a controlled animal or thing referred to in subregulation (3), from the place of isolation thereof.

**Verbod op toegang tot seker plekke** [9 (2) (d), 11 (1) (a)]

14. (1) Behoudens die bepalings van subregulasie (2) moet 'n verantwoordelike persoon toegang tot die plek waar 'n beheerde dier of ding wat ingevolge regulasie 13 in afsondering gehou word, beperk tot—

- (a) die persoon wat vir die versorging en behandeling van sodanige dier of ding verantwoordelik is; en
- (b) 'n beampte of gemagtigde persoon wat geregtig is om 'n beheerde veteriniere handeling met betrekking tot sodanige dier of ding te verrig.

(2) Die verantwoordelike Staatsvecarts kan, indien hy dit vir 'n beheerde doel noodsaaklik ag, gelas dat slegs 'n beampte of gemagtigde persoon toegang tot 'n plek sal hê waar 'n beheerde dier of ding ingevolge regulasie 13 in afsondering gehou word.

**Ontsmetting van sekere plekke en dinge** [9 (2) (a), 11 (1) (a)]

15. (1) Die verantwoordelike persoon met betrekking tot 'n beheerde dier of ding wat ingevolge regulasie 13 in afsondering gehou word, en die eienaar of persoon in beheer van 'n mark, vendusiekraal, spoorweglaaikraal, skouterrein, abattoir of ander plek waar 'n besmetlike of besoedelde ding aangehou is, of van 'n vervoermiddel waarmee 'n besmetlike of besoedelde ding vervoer is, moet die betrokke plek of vervoermiddel en enige toebehoorsels wat in verband daarmee gebruik is, ontsmet onmiddellik nadat sodanige dier of ding daaruit verwyder is.

(2) (a) 'n Plek, vervoermiddel en toebehoorsels bedoel in subregulasie (1) moet, in die geval van 'n beheerde diersiekte in kolom 1 van Tabel 2 vermeld, wat veroorsaak of oorgedra word, deur 'n parasiet, virus, bakterie of ander organisme in kolom 2 van genoemde tabel daarteenoor vermeld, ontsmet word met 'n ontsmettingsmiddel waarvan dit bekend is dat dit doeltreffend teen die betrokke parasiet, virus, bakterie of ander organisme is.

(b) 'n Middel bedoel in paragraaf (a) moet gebruik word teen die konsentrasie in die gebruiksaanwysings daarvan aangedui of soos deur die verantwoordelike Staatsvecarts voorgeskryf.

(c) 'n Plek, vervoermiddel en toebehoorsels in subregulasie (1) bedoel, moet—

- (i) bespuit of behandel word met 'n middel bedoel in paragraaf (a) totdat alle oppervlaktes daarvan heeltemal nat is en die grond en ander besmetlike en besoedelde dinge in sodanige plek of vervoermiddel deurweek is; en
- (ii) nadat dit aldus bespuit of behandel is, vir minstens 30 minute of vir die tydperk in die gebruiksaanwysings van die betrokke middel bepaal, gelaat word voordat dit uitgevee en met skoon water gewas of afgespuit word.

(3) Die afloop van 'n ontsmetting ingevolge subregulasie (2) moet op so 'n wyse oor beskik word dat geen vatbare dier of die voortbrengsel of produk daarvan fisies daarmee in aanraking sal kom nie.

(4) 'n Plek bedoel in subregulasie (1) wat nie op die wyse in subregulasie (2) beoog, ontsmet kan word nie, moet vir minstens 30 dae nadat die betrokke beheerde dier of ding vanaf of uit daardie plek verwyder is, ontoeganklik vir vatbare diere of die voortbrengsel of produk daarvan gemaak word.

(5) Iemand wat 'n besmetlike of besoedelde ding hanteer het of daarmee in aanraking was, moet homself onmiddellik daarna met seep en water was en sy klere en enige toerusting of apparaat wat hy in verband daarmee gebruik het, ontsmet op die wyse in subregulasie (2) beoog.

**Prohibition of access to certain places** [9 (2) (d), 11 (1) (a)]

14. (1) Subject to the provisions of subregulation (2), a responsible person shall restrict access to the place where a controlled animal or thing is kept in isolation in terms of regulation 13 to—

- (a) the person who is responsible for the care and treatment of such animal or thing; and
- (b) an officer or authorised person who is entitled to perform any controlled veterinary act with regard to such animal or thing.

(2) The responsible State Veterinarian may, if he deems it necessary for a controlled purpose, order that only an officer or authorised person shall have access to a place where a controlled animal or thing is kept in isolation in terms of regulation 13.

**Disinfection of certain places and things** [9 (2) (a), 11 (1) (a)]

15. (1) The responsible person with regard to a controlled animal or thing that is kept in isolation in terms of regulation 13 and the owner or person in control of a market, sales pen or railway loading kraal, showground, abattoir or other place, where any infections or contaminated thing was detained or of any conveyance with which an infectious or contaminated thing was conveyed, shall disinfect the place or conveyance concerned and any appliances used in connection therewith immediately after such animal or thing has been removed therefrom.

(2) (a) A place, conveyance and appliances referred to in subregulation (1) shall in the case of a controlled animal disease specified in column 1 of Table 2 that is caused or transmitted by a parasite, virus, bacterium or other organism specified in column 2 of the said Table opposite thereto be disinfected with a disinfectant remedy of which is known to be effective against the parasite, virus, bacterium or other organism concerned.

(b) A remedy referred to in paragraph (a) shall be used at the concentration indicated in the directions for use thereof, or as prescribed by the responsible State Veterinarian.

(c) A place, conveyance or appliances referred to in subregulation (1) shall—

- (i) be sprayed or treated with a remedy referred to in paragraph (a) until all surfaces thereof are completely wet and the soil and other infectious and contaminated things in such place or conveyance are saturated; and
- (ii) after having been thus sprayed or treated be left for at least 30 minutes or for the period determined in the directions for the use of the remedy concerned before it is swept out and washed or sprayed down with clean water.

(3) The effluent of a disinfection in terms of subregulation (2) shall be disposed of in such manner that no susceptible animal or the progeny or products thereof will have physical contact therewith.

(4) A place referred to in subregulation (1) that can not be disinfected in the manner referred to in subregulation (2) shall be made inaccessible for susceptible animals or the progeny or products thereof for at least 30 days after the controlled animal or thing concerned was removed from or out of that place.

(5) Any person who has handled or came in contact with any infectious or contaminated thing shall wash his person with soap and water and disinfect his clothes and any equipment or apparatus used by him in connection therewith in the manner contemplated in subregulation (2).

**Monsterneming deur verantwoordelike persone** [9 (2) (h), 11 (1) (b)]

16. (1) 'n Verantwoordelike persoon moet, wanneer deur 'n verantwoordelike Staatsveearts daartoe versoek, die monster wat sodanige Staatsveearts verlang, van 'n beherde dier of ding neem.

(2) 'n Monster bedoel in subregulasie (1) moet op die wyse deur die verantwoordelike Staatsveearts gelas, geneem, gepreserveer, behandel en verpak word en versend word na of afgelewer word by die adres deur hom aangedui.

**Aantekeninge met betrekking tot beherde diere** [9 (2) (f)]

17. (1) Elke verantwoordelike persoon in 'n beherde gebied moet op 'n gereelde grondslag in 'n register wat hy vir dié doel hou, volledige besonderhede aanteken van—

(a) die soorte diere op sy grond en die getal van elke sodanige soort;

(b) die getal van en rede vir elke vermeerdering of vermindering in die aantal diere wat ingevolge paragraaf (a) aangeteken is en, waar sodanige vermeerdering of vermindering die gevolg is van die verwydering, inbring of slag van diere op gesag van 'n permit, die volgnummer en datum van uitreiking van daardie permit; en

(c) elke beherde veteriniere handeling wat hy ingevolge regulasie 11 ten opsigte van sodanige diere verrig of laat verrig het, met 'n aanduiding van—

(i) die datum waarop elke sodanige handeling aldus verrig is;

(ii) die aantal en soort diere ten opsigte waarvan elke sodanige handeling aldus op elk van daardie datums verrig is; en

(iii) 'n beskrywing van elke sodanige handeling en, waar van toepassing, van die middel wat by die verrigting van daardie handeling gebruik was.

(2) 'n Register bedoel in subregulasie (1) moet ten opsigte van elke kontakdier of besmette dier of voortbrengsel of produk daarvan wat ingevolge regulasie 13 in afsondering aangehou word, afsonderlike inskrywings bevat van—

(a) die aanvangsdatum van sodanige afsondering;

(b) die aard en datum van die beherde veteriniere handeling wat in verband daarmee toegepas is; en

(c) die datum waarop so 'n dier doodgegaan het, geslag is of sodanige dier, voortbrengsel of produk andersins oor beskik is en die wyse waarop daarvoor beskik is.

(3) (a) Wanneer diere ingevolge 'n beheermaatreël gedip, bespuit of behandel word, moet die verantwoordelike persoon in 'n register wat hy vir dié doel hou, volledige besonderhede aanteken van—

(i) die datums waarop diere gedip, bespuit of behandel is;

(ii) die getal en soorte diere wat op elk van daardie datums gedip, bespuit of behandel is;

(iii) die volume van die dipmengsel in die betrokke dipbak of in die reservoir van die betrokke spuitgang voor- sowel as nadat elke afsonderlike getal diere in daardie dipbak of spuitgang gedip of bespuit is; en

(iv) die volume water en middel wat gebruik word elke keer wanneer die dipmengsel in sodanige dipbak of reservoir aangevul word.

(b) Indien diere aldus gedip of bespuit word in 'n dipbak of spuitgang bedoel in regulasie 25 (2) moet die naam en adres van elke eienaar van die diere wat op elk van die datums bedoel in paragraaf (a) in daardie dipbak of spuitgang gedip of bespuit is ook in die betrokke register aange- teken word.

**Sampling by responsible persons** [9 (2) (h), 11 (1) (b)]

16. (1) A responsible person shall, when requested thereto by a responsible State Veterinarian, take the sample desired by such State Veterinarian from any controlled animal or thing.

(2) A sample referred to in subregulation (1) shall be taken, preserved, treated and packed in the manner directed by the responsible State Veterinarian and be dispatched to or delivered at the address indicated by him.

**Records in relation to controlled animals** [9 (2) (f)]

17. (1) Each responsible person in a controlled area shall enter on a regular basis in a register kept by him for this purpose full particulars of—

(a) the kinds of animals on his land and the number of each such kind;

(b) the number of and reason for each increase or decrease in the number of animals recorded in terms of paragraph (a) and, where such increase or decrease is the result of the removal, introduction or slaughtering of animals on authority of a permit, the serial number and date of issue of that permit; and

(c) each controlled veterinary act that he applied or caused to be applied in terms of regulation 11 in respect of such animals, with an indication of—

(i) the date on which each such act was thus applied;

(ii) the number and kind of animals in respect of which each such act was thus applied on each of those dates; and

(iii) a description of each such act and, where applicable, of the remedy used in the application of that act.

(2) A register referred to in subregulation (1) shall in respect of each contact animal or infected animal or progeny or product thereof that is kept in isolation in terms of regulation 13, contain separate entries of—

(a) the date of commencement of such isolation;

(b) the nature and date of the controlled veterinary act applied in respect therewith; and

(c) the date on which such animal has died, was slaughtered or such animal or progeny or product has otherwise been disposed of, and the manner in which it was disposed of.

(3) (a) Whenever animals are dipped, sprayed or treated in terms of a control measure the responsible person shall in a register kept by him for this purpose enter full particulars of—

(i) the dates on which animals were dipped, sprayed or treated;

(ii) the number and kinds of animals dipped, sprayed or treated on each of those dates;

(iii) the volume of the dipping mixture in the dipping tank concerned or in the reservoir of the spray race concerned before as well as after each separate number of animals have been dipped or sprayed in that dipping tank or spray race; and

(iv) the volume of water and remedy used each time when the dipping mixture in such dipping tank or reservoir is replenished.

(b) If animals are thus dipped or sprayed in a dipping tank or spray race referred to in regulation 25 (2), the name and address of each owner of the animals that were dipped or sprayed in that dipping tank or spray race on each of the dates, referred to in paragraph (a) shall also be recorded in the register concerned.

**Bewys van verrigting van beheerde veteriniere handelinge** [9 (2) (b)]

18. 'n Verantwoordelike persoon moet, wanneer 'n beheerde veteriniere handeling ingevolge regulasie 11—

(a) deur 'n gemagtigde persoon of 'n veearts verrig is, 'n sertifikaat of dokument van sodanige gemagtigde persoon of veearts verkry waarin aangedui word—

- (i) die naam, adres en kwalifikasies van daardie gemagtigde persoon of veearts;
- (ii) die getal diere van elke soort en, indien van toepassing, die identifikasie-, brand- of oormerk van elke sodanige dier ten opsigte waarvan sodanige handeling verrig is;
- (iii) die beheerde dieresiekte in verband waarmee sodanige handeling verrig is;
- (iv) die middel wat vir sodanige handeling gebruik is en, indien van toepassing, die lot- en registrasienommers daarvan; en
- (v) die datum waarop en die plek waar sodanige handeling verrig is; of

(b) deur homself verrig is en hy deur 'n beamppte daartoe versoek word, die besonderhede bedoel in paragraaf (a) (ii), (iii), (iv) en (v) in 'n beëdigde verklaring bevestig: Met dien verstande dat sodanige verklaring ten opsigte van die middel wat gebruik was, gestaaf moet word deur die leë houers van sodanige middel en die faktuur van die aankoop daarvan aan die betrokke beamppte te toon.

**Aanmelding en afsondering van sekere diere** [9 (2) (c), 12 (1)]

19. (1) Wanneer 'n verantwoordelike persoon 'n dier bedoel in artikel 12 (1), of daardie artikel soos toegepas by artikel 12 (3), van die Wet, op sy grond of tussen sy diere vind, moet hy—

- (a) onverwyld die vind daarvan mondelings by die verantwoordelike vee-inspekteur of verantwoordelike Staatsveearts aanmeld: Met dien verstande dat sodanige aanmelding binne twee dae daarna skriftelik bevestig moet word; en
- (b) sodanige dier en 'n voortbrengsel of produk daarvan op die toepaslike wyse in regulasie 13 bedoel, op die grond waarop dit gevind is in afsondering hou.

(2) 'n Aanmelding ingevolge subregulasie (1) (a) deur 'n verantwoordelike persoon moet—

- (a) sy naam, adres en telefoonnommer bevat;
- (b) 'n volledige beskrywing van sodanige dier bevat, en besonderhede verstrek van enige identifikasie-, brand- of oormerk wat daarop mag voorkom;
- (c) die omstandighede vermeld waarin sodanige dier gevind is;
- (d) die grond vermeld waar sodanige dier gevind en in afsondering aangehou word; en
- (e) indien sodanige dier wel of na vermoede met 'n dieresiekte besmet is, die simptome beskryf wat dit toon.

**Beperkings op beweging** [9 (2) (c)]

20. (1) (a) Behoudens die bepalinge van subregulasies (2) en (3) mag niemand, behalwe op gesag van 'n permit deur die verantwoordelike Staatsveearts uitgereik en anders as ooreenkomstig die voorwaardes in sodanige permit vermeld—

- (i) beeste, ekwides, skape, bokke of varke vanaf 'n abattoir wat die direkteur aangewys het as 'n abattoir waar besmette diere geslag moet word, verwyder nie;

**Proof of performance of controlled veterinary acts** [9 (2) (b)]

18. A responsible person shall when a controlled veterinary act has been performed in terms of regulation 11—

(a) by an authorised person or a veterinarian, acquire from such authorised person or veterinarian a certificate or document indicating—

- (i) the name, address and qualifications of that authorised person or veterinarian;
- (ii) the number of animals of each kind and, if applicable, the identification, brand or ear mark of each such animal in respect of which such act was performed;
- (iii) the controlled animal disease in connection with which such act was performed;
- (iv) the remedy used for such act and, if applicable, the lot and registration number thereof; and
- (v) the date on which and the place at which such act was performed; or

(b) by himself and he is requested thereto by an officer, confirm the particulars referred to in paragraph (a) (ii), (iii), (iv) and (v) in a sworn declaration: Provided that such declaration shall in respect of the remedy used, be verified by the showing to the officer concerned the empty containers of such remedy and the invoice of the purchase thereof.

**Notification and isolation of certain animals** [9 (2) (c), 12 (1)]

19. (1) When a responsible person finds an animal referred to in section 12 (1), or that section as applied by section 12 (3), of the Act, on his land or among his animals, he shall—

- (a) forthwith report the finding thereof verbally to the responsible stock inspector or responsible State Veterinarian: Provided that such report shall be confirmed in writing within two days thereafter; and
- (b) keep such animal and any progeny or product thereof in isolation on the land where it was found in the applicable manner referred to in regulation 13.

(2) A notice in terms of subregulation (1) (a) by a responsible person shall—

- (a) contain his name, address and telephone number;
- (b) contain a comprehensive description of such animal, and furnish particulars of any identification, brand or ear mark that may occur thereon;
- (c) specify the circumstances in which such animal was found;
- (d) specify the land where such animal was found and is detained in isolation; and
- (e) if such animal is infected or suspected to be infected with an animal disease, describe the symptoms that it shows.

**Restrictions on movement** [9 (2) (c)]

20. (1) (a) Subject to the provisions of subregulations (2) and (3) no person shall, except under the authority of a permit issued by the responsible State Veterinarian and otherwise than in accordance with the conditions specified in such permit—

- (i) remove cattle, equines, sheep, goats or pigs from any abattoir which the director designated as an abattoir at which infected animals shall be slaughtered;

- (ii) beheerde diere of dinge na, vanaf of deur die hawens van Durban, Kaapstad, Mosselbaai, Oos-Londen, Port Elizabeth, Richardsbaai, Saldanhabaai of Walvisbaai, of die lughawens van Durban (Louis Botha), Johannesburg (Jan Smuts) of Kaapstad (D. F. Malan), beweeg of verwyder nie;
- (iii) enige dier wat nie sigbaar vry van uitwendige parasiete is nie vanaf die grond waarop hulle gehou word, wei of normaalweg voorkom, beweeg of verwyder nie, behalwe waar sodanige dier na die plek waar dit gewoonlik gedip, bespuit of behandel word, beweeg nie;
- (iv) enige lewende wild, uitgesonderd buffels, vlakvarke, bosvarke en wildevarke, vanaf die grond in 'n beheerde gebied, die res van die provinsies Transvaal en Natal en die landdrosdistrikte Gordonia, Kuruman, Mafeking en Vryburg in die provinsie die Kaap die Goeie Hoop, waarop dit voorkom of gehou word na enige ander grond verwyder of beweeg nie;
- (v) enige lewende buffels, vlakvarke, bosvarke en wildevarke vanaf die grond waarop hulle voorkom of gehou word na enige ander grond verwyder of beweeg nie;
- (vi) 'n beheerde dier of ding na of vanaf 'n gebied in Aanhangsel 2 vermeld, beweeg of verwyder nie;
- (vii) 'n beheerde dier of ding na, oor of vanaf grond in 'n beheerde gebied beweeg of verwyder nie; of
- (viii) beeste na grond waarvan die eienaar en die beeste wat daarop gehou word onder die geakkrediteerde kudde programme van die Beesbrucellose- of Bees-tuberkulose-uitroeingskema ingeskryf is, beweeg nie.

(b) Elke verantwoordelike persoon moet die nodige voorsorgmaatreëls tref om te voorkom dat sy diere, uitgesonderd wild wat nie makgemaak is nie, na of van 'n plek of gebied vermeld in paragraaf (a) (i), (ii), (v), (vi) of (vii) afdwaal.

(2) 'n Dier, uitgesonderd 'n kontakdier of besmette dier, wat ingevolge regulasie 11 (3) (a), gereeld 'n beheerde veteriniere behandeling moet ondergaan kan sonder 'n permit na die plek binne 'n beheerde gebied waar sodanige handeling toegepas word, beweeg word: Met dien verstande dat so 'n dier onmiddellik nadat sodanige handeling voltooi is, teruggeneem word na die grond vanwaar dit beweeg is.

(3) 'n Permit bedoel in subregulasie (1) vir die beweging of verwydering van blou- of swartwildebeeste, word nie uitgereik nie tensy daardie blou- of swartwildebeeste—

- (a) na grond beweeg word waarop blou- of swartwildebeeste reeds voorkom; of
- (b) andersins negatiewe resultate vir snotsiekte getoon het in 'n toets soos deur die direkteur bepaal.

#### **Beperkings op jag, skiet, vang en verjaging van wild [9 (2) (c)]**

21. (1) Niemand mag behalwe kragtens 'n skriftelike magtiging van die verantwoordelike Staatsveearts of anders as ooreenkomstig die voorwaardes in sodanige magtiging vermeld, enige wild in kolom 3 van Tabel 2 vermeld, wat vatbaar is vir die beheerde dieresiektes Afrikaanse varkpes, bek- en klouseer of Korridorsiekte, in 'n beheerde gebied in item 1, 2 of 5 van Tabel 1 vermeld, jag, skiet, vang of verjaag nie.

(2) Die bepalinge van subregulasie (1) word nie so uitgelê dat 'n verantwoordelike persoon daardeur verbied word om sodanige vatbare wild vir eie gebruik op sy grond of om vatbare probleem wild op sy grond te jag of te skiet nie: Met dien verstande dat die karkas of voortbrengsel of produk van sodanige wild nie sonder die skriftelike magtiging van die verantwoordelike Staatsveearts of anders as ooreenkomstig die voorwaardes in sodanige magtiging vermeld van die betrokke grond verwyder mag word nie.

- (ii) move or remove any controlled animals or things to, from or through the harbours of Durban, Cape Town, Mossel Bay, East London, Port Elizabeth, Richards Bay, Saldanha Bay or Walvis Bay, or the airports of Durban (Louis Botha), Johannesburg (Jan Smuts) or Cape Town (D. F. Malan);
- (iii) move or remove any animal that is not visibly free from external parasites, from the land on which it is kept, is grazing or on which it normally occurs, except where such animal is moved to the place where it is normally dipped, sprayed or treated;
- (iv) move or remove any live game, excluding buffalo's, wart-hogs, bush pigs and wild pigs, from the land in any controlled area, the remainder of the provinces of the Transvaal and Natal and the Magisterial Districts of Gordonia, Kuruman, Mafeking and Vryburg in the Province the Cape of Good Hope on which it occurs or is kept, to any other land;
- (v) move or remove live buffalo's, warthogs, bush-pigs and wild pigs from the land on which they occur or are kept, to any other land;
- (vi) move or remove a controlled animal or thing to or from an area specified in Annexure 2;
- (vii) move or remove any controlled animal or thing to, across or from land in a controlled area; or
- (viii) move cattle to land of which the owner and the cattle that are kept thereon enrolled under the accredited herd programs of the Bovine Brucellosis or Bovine Tuberculosis Eradication Scheme.

(b) Each responsible person shall take the necessary precautionary measures to prevent his animals, excluding game that is not tamed, from straying to or from a place or area referred in paragraph (a) (i), (ii), (v), (vi) or (vii).

(2) An animal excluding a contact animal or an infected animal that has in terms of regulation 11 (3) (a) to undergo a controlled veterinary act regularly may without a permit be moved to the place within a controlled area where such act is applied: Provided that such animal shall immediately after such act has been completed be returned to the land from which it has been moved.

(3) A permit referred to in subregulation (1) for the movement or removal of blue or black wildebeest shall not be issued unless those blue or black wildebeest—

- (a) are moved to land on which blue or black wildebeest already occur; or
- (b) have otherwise shown negative results for bovine malignant catharrh (snotsiekte) in a test as determined by the director.

#### **Restrictions on hunting, shooting, catching and driving away of game [9 (2) (c)]**

21. (1) No person shall except under a written authorisation of the responsible State Veterinarian or otherwise than in accordance with the conditions specified in such authorisation, hunt, shoot, catch or drive away any game specified in column 3 of Table 2 which are susceptible to the controlled animal diseases African swine fever, foot and mouth disease or corridor disease, in a controlled area specified in item 1, 2 or 5 of Table 1.

(2) The provisions of subregulation (1) shall not be construed as prohibiting a responsible person from hunting or shooting such susceptible game on his land for own use on such land or to hunt and shoot susceptible problem game on his land: Provided that the carcass or any progeny or product of such game are not moved from the land concerned, except under a written authorisation by the responsible State Veterinarian or otherwise in accordance with the conditions specified in such authorisation.

**Beperkings op die slag van sekere diere [9 (2) (c)]**

22. Wanneer 'n kontakdier of besmette dier ten opsigte van 'n bepaalde beheerde dieresiekte op grond in afsondering gehou word, mag niemand enige vatbare dier van 'n soort in kolom 3 van Tabel 2 teenoor die betrokke beheerde dieresiekte vermeld, op sodanige grond slag nie, behalwe kragtens 'n skriftelike magtiging deur die verantwoordelike Staatsveearts, of sodanige dier anders as ooreenkomstig die voorwaardes in sodanige magtiging vermeld, aldus slag nie.

**Beperkings op handeling met beheerde diere en dinge [9 (2) (a)]**

23. (1) Behoudens die bepalings van regulasie 16 mag niemand anders as 'n veearts of 'n verantwoordelike veeinspekteur, enige insnyding in die karkas van 'n dier maak wat besmet of vermoedelik besmet is deur die beheerde dieresiektes Afrikaanse varkpes, Aujeszky se siekte, bek- en klouseer, droes, Europese varkpes, hondsdolheid, milt-siekte, psittakose, runderpes of vesikulêre siekte by varke.

(2) Behoudens die bepalings van regulasie 16 mag niemand enige karkas van 'n dier in subregulasie (1) bedoel, of 'n gedeelte van so 'n karkas of 'n voortbrengsel of produk van so 'n dier, van die grond waarop daardie dier doodgegaan het, verwyder nie.

(3) Behoudens die verordeninge van 'n plaaslike owerheid betreffende die beskikking oor dooie diere op grond in sy regsgebied, moet 'n verantwoordelike persoon oor 'n dooie kontakdier of besmette dier beskik—

- (a) deur dit te verbrand of te veras en die oorblyfsels daarvan daarna minstens 1,3 m diep te begrawe; of
- (b) deur dit minstens 1,8 m diep te begrawe en met ongebluste kalk te bedek voordat die gat toegegooi word.

(4) 'n Besmetlike of besoedelde ding wat afkomstig is van, of gebruik was in verband met 'n kontakdier of besmette dier moet, tensy sodanige besmetlike of besoedelde ding doeltreffend ontsmet of gesteriliseer is, op die wyse in subregulasie (3) beoog, oor beskik word.

(5) Niemand mag, behalwe kragtens 'n skriftelike magtiging van die verantwoordelike Staatsveearts of anders as ooreenkomstig die voorwaardes in sodanige magtiging vermeld, 'n dooie kontakdier of besmette dier of 'n besoedelde of besmetlike ding wat ooreenkomstig subregulasie (3) of (4) begrawe is, opgrawe nie.

**Beperkings op die beskikking oor sekere dinge [9 (2) (a)]**

24. (1) Niemand mag—

- (a) die melk van 'n dier wat wel of na vermoede met die beheerde dieresiektes bek-en-klouseer, beesbrucellose of beestuberkulose besmet is, vir enige doel hoegenaamd gebruik of beskikbaar stel nie tensy sodanige melk gekook, gepasteuriseer of gesteriliseer is;
- (b) die melk of vleis van 'n dier wat wel of na vermoede met die beheerde dieresiektes hondsdolheid of milt-siekte besmet is, vir enige doel hoegenaamd gebruik of beskikbaar stel nie;
- (c) enige besmetlike of besoedelde ding aan varke voer nie tensy dit vooraf vir minstens 60 minute gekook is of op 'n ander doeltreffende wyse gesteriliseer is; en
- (d) enige besmetlike of besoedelde ding wat afkomstig is vanaf 'n vervoermiddel wat die Republiek vanaf 'n plek buite die Republiek binnekom vir enige doel hoegenaamd gebruik of beskikbaar stel nie, anders as dié ten opsigte waarvan 'n permit kragtens artikel 6 (1) van die Wet uitgereik is.

**Restrictions on the slaughtering of certain animals [9 (2) (c)]**

22. When a contact animal or an infected animal in respect of a particular controlled animal disease is kept in isolation on land, no person shall on such land slaughter any susceptible animal of a kind specified in column 3 of Table 2 opposite the controlled animal disease concerned, except under a written authorisation by the responsible State Veterinarian or so slaughter such animal otherwise than in accordance with the conditions specified in such authorisation.

**Restrictions on actions with controlled animals and things [9 (2) (a)]**

23. (1) Subject to the provisions of regulation 16, no person other than a veterinarian or a responsible stock inspector may make any incision in the carcass of an animal that is infected or is suspected to be infected by the controlled animal diseases African swine fever, Aujeszky's disease, foot and mouth disease, glanders, European swine fever, rabies, anthrax, psittacosis, rinder pest or swine vesicular disease.

(2) Subject to the provisions of regulation 16, no person shall, remove any carcass of an animal referred to in subregulation (1) or a portion of such carcass or the progeny or product of such animal from the land on which that animal has died.

(3) Subject to the by-laws of local authority regarding the disposal of dead animals on land in its area of jurisdiction a responsible person shall dispose of a dead contact animal or infected animal—

- (a) by burning or incinerating it and afterwards by burying the remains thereof at least 1,3 m deep; or
- (b) by burying it at least 1,8 m deep and by covering it with quicklime before the hole is filled up.

(4) Any contaminated or infectious thing originating from or used in connection with a contact animal or infected animal shall, unless such contaminated or infectious thing has been effectively disinfected or sterilised, be disposed of in the manner contemplated in subregulation (3).

(5) No person shall except under a written authorisation by a responsible State Veterinarian or otherwise than in accordance with a condition specified in such authorisation, exhume a dead contact animal or infected animal or a contaminated or infectious thing buried in terms of subregulation (3) or (4).

**Restrictions on the disposal of certain things [9 (2) (a)]**

24. (1) No person shall—

- (a) use or make available for any purpose whatsoever the milk of an animal infected or suspected to be infected with the controlled animal disease foot and mouth disease, bovine brucellosis or bovine tuberculosis, unless such milk is boiled, pasteurised or sterilised;
- (b) use or make available for any purpose whatsoever the milk or meat of an animal infected or suspected to be infected with the controlled animal disease rabies or anthrax;
- (c) feed any infectious or contaminated thing to pigs, unless it is pre-boiled for at least 60 minutes or is sterilised in any other efficient manner; and
- (d) for any purpose whatsoever, make available any infectious or contaminated thing originating from any conveyance entering the Republic from any place outside the Republic, other than that in respect of which a permit has been issued under section 6 (1) of the Act.

(2) Melk bedoel in subregulasie (1) (a) wat nie gekook, gepasteuriseer of gesteriliseer is nie en melk bedoel in subregulasie (1) (b) moet—

- (a) tot kookpunt verhit en vir minstens 10 minute gekook word, of ontsmet word deur 'n doeltreffende middel of ander stof waarvan dit bekend is dat dit doeltreffend is teen die virus, bakterie of ander organisme in kolom 2 van Tabel 2 teenoor die betrokke beheerde diersiekte vermeld, by sodanige melk te voeg; en
- (b) daarna begrawe word op die wyse in regulasie 23 (3) beoog.

(3) 'n Besmetlike of besoedelde ding bedoel in subregulasie (1) (d) moet by 'n plek van binnekoms in 'n verbrandingsoond verbrand word of op enige ander wyse wat die direkteur bepaal, oor beskik word.

**Dipbakke, spuitgange en drukkange** [9 (2) (e)]

25. (1) 'n Verantwoordelike persoon moet wanneer diere ingevolge 'n beheermaatreël gedip, bespuit, getoets of geïmmuniseer moet word, 'n dipbak, spuitgang of drukkang en gepaardgaande toebehoorsels beskikbaar stel en in 'n goeie werkende toestand hou op die grond waarop daardie diere normaalweg gehou word of wei of aan 'n beheerde veteriniere handeling onderwerp word.

(2) 'n Verantwoordelike persoon met betrekking tot grond bedoel in paragraaf (b) of (c) van die omskrywing van "bestuurder", en paragraaf (b), (c) of (d) van die omskrywing van "eienaar" in artikel 1 (1) van die Wet, wat 'n dipbak, spuitgang of drukkang ingevolge subregulasie (1) op sodanige grond beskikbaar stel—

- (a) kan voorwaardes opleë ingevolge waarvan 'n eienaar van diere toegelaat word om sodanige dipbak, spuitgang of drukkang te gebruik;
- (b) kan die gelde wat vir sodanige gebruik betaalbaar is, vasstel; en
- (c) moet iemand onder sy beheer aanwys—
- (i) om toesig te hou oor die instandhouding en gebruik van sodanige dipbak, spuitgang of drukkang; en
- (ii) wat verantwoordelik sal wees vir die hou van volledige aantekeninge in die register bedoel in regulasie 17 (3).

(3) 'n Dipmengsel in 'n dipbak bedoel in subregulasie (1) moet, wanneer dit tot twee derdes van die inhoudsmaat daarvan gevul is, diep genoeg wees sodat elke dier van 'n soort waarvoor dit ontwerp is heeltemal daarin onderdompel kan word.

(4) 'n Spuitgang bedoel in subregulasie (1) moet doeltreffend funksioneer, selfs wanneer die dipmengsel in die reservoer daarvan tot helfte dié van die maksimum inhoudsvermoë daarvan daal.

(5) (a) 'n Dipbak of die reservoer van 'n spuitgang moet met 'n permanente meter toegerus wees waarop elke vlak van die dipmengsel duidelik en opvallend in hektoliter gemerk is.

(b) Die laagste sodanige merk moet die laagste volume van die dipmengsel in sodanige dipbak of reservoer aandui wanneer dit tot een derde van die inhoudsmaat daarvan gevul is.

(c) Elke daaropvolgende merk op sodanige meter moet die vlak van die dipmengsel in sodanige dipbak of reservoer per hektoliter dipmengsel by die inhoud daarvan gevoeg, aandui.

(6) Die verantwoordelike persoon moet ten opsigte van 'n dipbak of spuitgang bedoel in subregulasie (1)—

- (a) die dipmengsel in die betrokke dipbak of in die reservoer van die betrokke spuitgang handhaaf op die vlak ingevolge subregulasie (3) of (4) vereis;

(2) Milk referred to in subregulation (1) (a) that is not boiled, pasteurised or sterilised and milk referred to in subregulation (1) (b) shall—

- (a) be brought to boiling point and boiled for at least 10 minutes, or be disinfected by adding an efficient remedy or other substance of which it is known to be effective against the virus, bacterium or other organism specified in column 2 of Table 2 opposite the controlled animal disease concerned to such milk; and

(b) thereafter be buried in the manner contemplated in regulation 23 (3).

(3) An infectious or contaminated thing referred to in subregulation (1) (d) shall at the place of entry be burnt in an incinerator, or be disposed of in any other manner which the director may determine.

**Dipping tanks, spray races and crushes** [9 (2) (e)]

25. (1) A responsible person shall whenever animals have to be dipped, sprayed, tested or immunised in terms of a control measure, make available a dipping tank, spray race or crush and accompanying appurtenances and maintained it in a good working order on the land on which those animals are normally kept or are grazing or are subjected to a controlled veterinary act.

(2) A responsible person in relation to land referred to in paragraph (b) or (c) of the definition of "manager", and paragraph (b), (c) or (d) of the definition of "owner" in section 1 (1) of the Act that provides a dipping tank, spray race or crush on such land in terms of subregulation (1)—

- (a) may impose conditions in terms of which an owner of animals is allowed to use such dipping tank, spray race or crush;
- (b) may determine the fees payable for such use; and
- (c) shall designate a person under his control—
- (i) to supervise the maintenance and use of such dipping tank, spray race or crush; and
- (ii) who will be responsible for the keeping of comprehensive records in the register referred to in regulation 17 (3).

(3) A dipping mixture in a dipping tank referred to in subregulation (1) shall when filled up to two thirds of the capacity thereof be deep enough so that each animal of a kind for which it was designed, can be totally submerged therein.

(4) A spray race referred to in subregulation (1) shall operate efficiently, even when the dipping mixture in the reservoir thereof falls to half that of the maximum capacity thereof.

(5) (a) A dipping tank or the reservoir of a spray race shall be fitted with a permanent gauge on which each level of the dipping mixture is clearly and noticeably marked in hectoliter.

(b) The lowest such mark shall indicate the lowest volume of the dipping mixture in such dipping tank or reservoir when it is filled to one third of the capacity thereof.

(c) Each successive mark on such gauge, shall indicate the level of the dipping mixture in such dipping tank or reservoir per hectoliter of dipping mixture added to the content thereof.

(6) The responsible person shall in respect of a dipping tank or spray race referred to in subregulation (1)—

- (a) maintain the dipping mixture in the dipping tank concerned or in the reservoir of the spray race concerned at the level required in terms of subregulation (3) or (4);

- (b) die dipmengsel in die betrokke dipbak of in die reservoir van die betrokke spuitgang handhaaf teen die konsentrasie vermeld in die gebruiksaanwysings van die middel wat vir die voorbereiding van sodanige dipmengsel gebruik is;
- (c) wanneer in 'n bevelskrif deur 'n verantwoordelike Staatsveearts, verantwoordelike vee-inspekteur of gemagtigde persoon daartoe gelas—
  - (i) die verbeterings of herstelwerk aan sodanige dipbak, spuitgang of drukgang aanbring of uitvoer soos in sodanige bevelskrif vermeld;
  - (ii) die dipmengsel in die betrokke dipbak of in die reservoir van die betrokke spuitgang aanvul met die volume in sodanige bevelskrif vermeld; of
  - (iii) sodanige dipbak of die reservoir van sodanige spuitgang skoonmaak en hervul soos in sodanige bevelskrif vermeld.

**Bekendmaking van beheermaatreëls** [9 (1) (c)]

26. (1) Wanneer 'n beheerde dieresiekte in 'n gebied anders dan 'n beheerde gebied voorkom, moet 'n bekendmaking deur die direkteur ingevolge artikel 9 (1) (c) van die Wet, gedoen word deur middel van—

- (a) 'n ronds krywe aan die verantwoordelike persone in daardie gebied; of
- (b) 'n kennisgewing in 'n nuusblad wat in daardie gebied in omloop is op die wyse in regulasie 2 (1) (a) uitengesit.

(2) Benewens enige ander besonderhede wat die direkteur in 'n besondere geval nodig ag, moet 'n bekendmaking bedoel in subregulasie (1)—

- (a) 'n verwysing na die Wet en hierdie regulasies bevat;
- (b) die betrokke beheerde dieresiekte aandui;
- (c) die beheermaatreël vermeld wat toegepas moet word;
- (d) die beheerde diere of dinge aandui waarop die betrokke beheermaatreël van toepassing is;
- (e) die gebied omskryf waarin die betrokke beheermaatreël van toepassing is; en
- (f) waar van toepassing, die tydperk waarbinne die betrokke beheermaatreël van toepassing is, aandui.

**Gelde vir dienste gelewer** [13 (3) (a)]

27. (1) (a) Die gelde wat deur 'n verantwoordelike persoon aan die direkteur betaalbaar is ten opsigte van 'n diens wat ingevolge artikel 13 (1) van die Wet gelewer word, is soos aangedui in 'n lys van tariewe wat vir dié doel by die kantoor van die direkteur gehou word.

(b) Afskrifte van so 'n lys van tariewe is ter insae beskikbaar by—

- (i) die kantoor van die direkteur;
- (ii) elke kantoor of laboratorium van 'n verantwoordelike Staatsveearts; en
- (iii) elke kwarantynstasie.

(2) Indien 'n diens bedoel in subregulasie (1)—

- (a) deur 'n beampte buite sy amptelike kantoorure gelewer word, is 'n toeslag soos deur die direkteur met inagneming van die betrokke beampte se salaris en toelaes bepaal, deur die betrokke verantwoordelike persoon betaalbaar; en
- (b) die gebruik van 'n middel, serum, entstof, antigeen, diagnoseermiddel, reagens, verdowingsmiddels, of ander medisyne of hegmateriaal, deppers of ander wegdoenbare materiaal of toerusting vereis, is die werklike koste daarvan deur die betrokke verantwoordelike persoon betaalbaar.

(b) maintain the dipping mixture in the dipping tank concerned or in the reservoir of the spray race concerned at the concentration specified in the instructions for the use of the remedy used for the preparation of such dipping mixture;

(c) when directed thereto in an order by a responsible State Veterinarian, responsible stock inspector or authorised person—

- (i) effect or carry out the improvements or reparations to such dipping tank, spray race or crush as specified in such order;
- (ii) replenish the dipping mixture in the dipping tank concerned or in the reservoir of the spray race concerned with the volume specified in such order; or
- (iii) clean and refill such dipping tank or the reservoir of such spray race as specified in such order.

**Notification of control measures** [9 (1) (c)]

26. (1) When a controlled animal disease occurs in a area other than a controlled area, a notification by the director in terms of section 9 (1) (c) of the Act shall be done by means of—

- (a) a circular to responsible persons in that area; or
- (b) a notice in a newspaper circulating in that area in the manner set out in regulation 2 (1) (a).

(2) In addition to any other particulars that the director deems necessary in a particular case a notification referred to in subregulation (1) shall—

- (a) contain a reference to the Act and these regulations;
- (b) indicate the controlled animal disease concerned;
- (c) specify the control measure that has to be applied;
- (d) indicate the controlled animals or things to which the control measure concerned apply;
- (e) define the area in which the control measure concerned shall apply; and
- (f) where applicable, indicate the period within which the control measure concerned shall apply.

**Fees for services rendered** [13 (3) (a)]

27. (1) (a) The fees payable by a responsible person to the director in respect of a service rendered in terms of section 13 (1) of the Act, shall be as indicated in a list of tariffs that is kept at the office of the director for this purpose.

(b) Copies of such list of tariffs shall be available for inspection at—

- (i) the office of the director;
- (ii) each office or laboratory of a responsible State Veterinarian; and
- (iii) each quarantine station.

(2) If a service referred to in subregulation (1)—

- (a) is rendered by an officer outside his official office hours, a surcharge as determined by the director with due observance of the salary and allowances of the officer concerned, shall be payable by the responsible person concerned; and
- (b) requires the use of any remedy, serum, vaccine, antigen, diagnosing remedy, reagent, anaesthetic or other drug or sutures, swabs or other disposable material or equipment, the actual costs thereof shall be payable by the responsible person concerned.

(3) Reiskoste aangegaan in verband met die lewering van 'n diens bedoel in subregulasie (1) is deur die betrokke verantwoordelike persoon betaalbaar. Met dien verstande dat 'n verantwoordelike persoon ten gunste van wie 'n diens gelewer word, op eie koste geskikte vervoer kan voorsien wat vir die beampte, deur wie die betrokke diens gelewer word, aanvaarbaar is.

(4) Die reiskoste bedoel in subregulasie (3) is—

- (a) die werklike uitgawe van die departement vir 'n retoerreis tussen die woonplek van die beampte of gemagtigde persoon wat 'n diens ingevolge hierdie regulasies lewer, en die plek waar die betrokke diens gelewer word, indien sodanige reis buite die amptelike kantoorure van die betrokke beampte of gemagtigde persoon onderneem word;
- (b) die werklike uitgawe van die departement vir 'n retoerreis tussen die kantoor van die beampte of gemagtigde persoon wat 'n diens ingevolge hierdie regulasies lewer, en die plek waar die betrokke diens gelewer word, indien sodanige reis gedurende die amptelike kantoorure van die betrokke beampte of gemagtigde persoon onderneem word; of
- (c) in die geval waar die amptelik pligte in dieselfde omgewing uitgevoer moet word as waar die betrokke diens verlang word, die werklike uitgawe van die departement vir die retoerreis tussen die punt waar die roete verlaat word wat vir die uitvoer van sodanige amptelike pligte gevolg word, en die plek waar sodanige diens verlang word.

(5) Die werklike uitgawe bedoel in subregulasie (4) word—

- (a) indien van openbare vervoer vir die betrokke retoerreis gebruik gemaak word, bereken teen die skale wat op die Staat van toepassing is; en
- (b) indien Staatsmotorvervoer vir die betrokke retoerreis gebruik word of die betrokke beampte of gemagtigde persoon sy privaat motorvervoer vir sodanige retoerreis gebruik, bereken teen die toepaslike tarief wat van tyd tot tyd deur die Staat bepaal word vir die tipe voertuig wat vir daardie retoerreis gebruik word.

#### Betekening van dokumente [14, 15]

28. (1) 'n Skriftelike kennisgewing ingevolge artikel 14 of 15 (4) van die Wet, en 'n bevelskrif bedoel in artikel 15 (1) van die Wet word beteken deur dit—

- (a) per geregistreerde pos aan die betrokke persoon te versend;
- (b) aan die betrokke persoon self of sy gevolmagtigde verteenwoordiger af te lewer;
- (c) by die gewone of jongsbekende woon- of besigheidsplek van die betrokke persoon aan iemand, oënskynlik nie jonger as 16 jaar oud nie en oënskynlik daar woon of in diens is, af te lewer; of
- (d) in die geval van 'n regs persoon by die geregistreerde kantoor van daardie regs persoon af te lewer.

(2) Wanneer so 'n kennisgewing of bevelskrif ingevolge subregulasie (1) (a) beteken word, moet die direkteur—

- (a) die voorskrif in 'n kovert plaas wat aan die betrokke persoon by sy laaste bekende posadres geadresseer is en dit per vooruitbetaalde geregistreerde pos versend; en
- (b) ten tyde van die registrasie daarvan aansoek doen om voorsien te word van 'n erkenning deur die geadresseerde van die ontvangs daarvan soos bepaal in regulasie 44 (5) van die Posregulasies gepubliseer by Goewermentskennisgewing R. 550 van 14 April 1960: Met dien verstande dat—

- (i) 'n ontvangsbewys wat ingevul is soos in regulasie 44 (8) van voormelde regulasies bepaal, vir die doeleindes hiervan voldoende erkenning van ontvangs is; en

(3) Travelling expenses incurred in connection with a service referred to in subregulation (1), shall be payable by the responsible person concerned: Provided that a responsible person in favour of whom a service is rendered may at his own expense provide suitable transport that is acceptable to the officer rendering the service concerned.

(4) The transport costs referred to in subregulation (3) shall—

- (a) be the actual expenditure of the department for a return journey between the place of residence of the officer or authorised person who renders a service in terms of these regulations, and the place at which the service concerned is rendered, if such journey is undertaken outside the official office hours of the officer or authorised person concerned;
- (b) be the actual expenditure of the department for a return journey between the office of the officer or authorised person who renders a service in terms of these regulations, and the place at which the service concerned is rendered, if such journey is undertaken during the official office hours of the officer or authorised person concerned; or
- (c) in the case where official duties have to be performed in the same vicinity as where the service concerned is required, be the actual expenditure of the department for the return journey between the point where the route followed for the performance of such official duties is left, and the place where such service is required;

(5) The actual expenditure referred to in subregulation (4) shall—

- (a) if public transport is used for the return journey concerned, be calculated at the rates applicable to the Government; and
- (b) if Government motor transport is used for the return journey concerned or the officer or authorised person concerned uses his private motor transport for such return journey, be calculated at the applicable tariff determined from time to time by the Government for the type of vehicle used for that return journey.

#### Serving of documents [14, 15]

28. (1) A written notification in terms of section 14 or 15 (4) of the Act, and an order refer to in section 15 (1) of the Act shall be served by—

- (a) forwarding it by registered post to the person concerned;
- (b) delivering it to the person concerned personally or to his authorised representative;
- (c) delivering it at the regular or most recently known residence or place of business of the person concerned, to some person who is apparently not younger than 16 years of age and apparently resides or is employed there; or
- (d) in the case of a juristic person, delivering it at the registered office of that juristic person.

(2) When such notification or order is served in terms of subregulation (1) (a) the director shall—

- (a) place the direction in an envelope addressed to the person concerned at his last known postal address and forward it by pre-paid registered post; and
- (b) at the time of registration thereof make application to be provided with an acknowledgement by the addressee of the receipt thereof as provided in regulation 44 (5) of the Post Regulations published by Government Notice R. 550 of 14 April 1960: Provided that—

- (i) a receipt form completed as provided in regulation 44 (8) of the said regulations shall be sufficient acknowledgement of receipt for the purposes hereof; and

- (ii) indien geen sodanige erkenning ontvang word nie, die direkteur die feit op 'n afskrif van die betrokke kennisgewing of bevelskrif moet aanteken.

(3) Wanneer 'n kennisgewing of bevelskrif ingevolge subregulasie (1) (b), (c) of (d) beteken is, moet die persoon wat dit afgelewer het, onmiddellik na aflewering daarvan 'n aantekening op 'n afskrif van daardie kennisgewing of bevelskrif maak om die wyse waarop, die persoon aan wie, die plek waar en die datum en benaderde tyd waarop dit aldus afgelewer is, aan te teken.

(4) Die aantekeninge bedoel in subregulasie (3) moet onmiddellik nadat dit gemaak is, onderteken word deur die persoon wat die kennisgewing of bevelskrif afgelewer het.

(5) Indien dieselfde grond of diere deur twee of meer persone besit word, kan 'n kennisgewing of bevelskrif bedoel in subregulasie (1) aan enig een van hulle beteken word.

#### *Merk van beheerde diere en dinge* [16 (2) (a) (viii)]

29. (1) 'n Beheerde dier of ding wat ingevolge artikel 16 (2) (a) (viii) van die Wet gemerk word vir 'n doel in kolom 1 van Tabel 3 vermeld, moet aldus gemerk word met die merk wat in kolom 2 van genoemde tabel teenoor die betrokke doel vermeld word.

(2) 'n Merk bedoel in subregulasie (1) wat op 'n beheerde dier aangebring word, moet op die plek op die liggaam van so 'n dier in kolom 3 van Tabel 3 teenoor die betrokke merk vermeld, aangebring word.

(3) So 'n merk moet in die geval van 'n beheerde ding daarop aangebring word op 'n wyse deur die aard van daardie beheerde ding bepaal.

#### *Vergoeding* [19]

30. Wanneer vergoeding ingevolge artikel 19 van die Wet aan 'n verantwoordelike persoon betaalbaar is, is die toepaslike vergoeding—

- in die geval van 'n besmette dier, 80 persent van die billike markwaarde daarvan;
- in die geval van 'n dier wat vir 'n beheerde veteriniere doel of ter voorkoming van die verspreiding van 'n beheerde dieresiekte van kant gemaak word, 100 persent van die billike markwaarde daarvan;
- in die geval van 'n besmetlike ding, uitgesonderd 'n dier, en 'n besoedelde ding, 50 persent van die billike markwaarde daarvan.

#### *Indiening van aansoeke, eise en versoeke* [21]

31. (1) (a) Behoudens die bepalinge van paragraaf (b), moet 'n aansoek, eis of versoek wat ingevolge die Wet of hierdie regulasies by die direkteur ingedien of aan hom gerig word, skriftelik gedoen of ingedien word.

(b) Indien die direkteur dit dienstig ag, kan hy goedkeur dat so 'n aansoek, eis of versoek mondelings gedoen word, in welke geval die direkteur kan vereis dat dit skriftelik bevestig word.

(2) 'n Aansoek, eis of versoek bedoel in subregulasie (1) (a) moet—

- in die geval waar 'n vorm vir die betrokke doel van die direkteur verkrygbaar is of deur hom voorsien word, op sodanige vorm gedoen of ingedien word;
- andersins op goeie kwaliteit A4-grootte papier gedoen of ingedien word; en
- duidelik leesbaar met permanente inkskryf, getik of gedruk wees.

- (ii) if no such acknowledgement is received, this fact shall be recorded by the director on a copy of the notification or order concerned.

(3) When a notification or order has been served in terms of subregulation (1) (b), (c) or (d), the person by whom it was delivered shall immediately after delivery thereof, make an entry on a copy of that notification or order to indicate the manner in which, the person to whom, the place at which, and the date on and approximate time at which it was thus delivered.

(4) The entries referred to in subregulation (3) shall immediately after being made, be signed by the person by whom the notification or order was delivered.

(5) If the same land or animals are owned by two or more responsible persons, a notification or order referred to in subregulation (1) may be served to any one of them.

#### *Marking of controlled animals and things* [16 (2) (a) (viii)]

29. (1) A controlled animal or thing that is marked in terms of section 16 (2) (a) (viii) of the Act for a purpose specified in column 1 of Table 3 shall thus be marked with the mark specified in column 2 of the said Table opposite the purpose concerned.

(2) A mark referred to in subregulation (1) that is made on a controlled animal shall be made on the place on the body of such animal specified in column 3 of Table 3 opposite the mark concerned.

(3) Such mark shall in the case of a controlled thing be made on that controlled thing in a manner determined by the nature thereof.

#### *Compensation* [19]

30. When compensation is payable to a responsible person in terms of section 19 of the Act, the applicable compensation shall—

- in the case of an infected animal, be 80 per cent of the fair market value thereof;
- in the case of an animal killed for any controlled veterinary act or for the prevention of the spreading of a controlled animal disease, be 100 per cent of the fair market value thereof;
- in the case of an infectious thing, excluding an animal, and a contaminated thing, be 50 per cent of the fair market value thereof.

#### *Lodging of applications, claims and requests* [21]

31. (1) (a) Subject to the provisions of paragraph (b), an application, claim or request lodged with or directed to the director in terms of the Act or these regulations shall be made or submitted in writing.

(b) If the director deems it expedient, he may approve that such application, claim or request be made verbally in which case the director may require that it be confirmed in writing.

(2) An application, claim or request referred to in subregulation (1) (a) shall—

- in the case where a form for the purpose concerned is obtainable from the director or is furnished by him, be made or submitted on such form;
- otherwise be made or submitted on good quality A4-size paper; and
- be clearly and legibly written, typed or printed in permanent ink.

(3) 'n Dokument of 'n afskrif daarvan wat in verband met 'n aansoek, eis of versoek bedoel in subregulasie (1) ingediend word, moet duidelik leesbaar wees en, in die geval van 'n afskrif, gesertifiseerd wees as 'n ware afskrif van die oorspronklike waarop geen ongemagtigde veranderings aangebring is nie.

(4) Posgeld op en aflewingskoste van 'n aansoek, eis of versoek bedoel in subregulasie (1) asook op of van enigiets anders in verband daarmee, moet vooruitbetaal word.

#### *Betaling van gelde [22 (2)]*

32. Behoudens die bepalinge van regulasie 33 (4) moet enige aansoekgeld of ander bedrag wat ingevolge die Wet of hierdie regulasies betaalbaar of verskuldig is, per tjek, posorder of poswissel wat ten gunste van die Direkteur-generaal: Landbou-ekonomie en -bemarking betaalbaar gemaak is, aan die direkteur betaal word: Met dien verstande dat indien sodanige bedrag persoonlik inbetaal word, dit ook kontant betaal kan word.

#### *Besware teen beslissings van of stappe gedoen deur die direkteur [23 (1)]*

33. (1) 'n Beswaar wat ingevolge artikel 23 (1) van die Wet teen 'n beslissing van of stappe gedoen deur die direkteur of 'n ander persoon of liggaam bedoel in artikel 10 (7) (a) van die Wet aangeteken word, moet binne 90 dae na die datum waarop sodanige beslissing verstrek of stappe gedoen is, aan die Direkteur-generaal voorgelê word.

(2) So 'n beswaar moet in die vorm van 'n beëdigde verklaring wees en moet—

- (a) die beslissing of stappe waarteen die beswaar aange-teken word, vermeld; en
- (b) die gronde waarop sodanige beswaar gebaseer is, vermeld.

(3) So 'n beswaar moet vergesel wees van 'n bedrag van R200.

(4) Die bedrag bedoel in subregulasie (3) moet per tjek, posorder of poswissel wat ten gunste van die Direkteur-generaal: Landbou-ekonomie en -bemarking uitgemaak is, betaal word: Met dien verstande dat indien 'n beswaar bedoel in subregulasie (1) persoonlik afgelewer word, sodanige bedrag ook in kontant betaal kan word.

(5) So 'n beswaar moet—

- (a) wanneer per pos gestuur, geadresseer wees aan die Direkteur-generaal: Landbou-ekonomie en -bemarking, Privaatsak X250, Pretoria, 0001; en
- (b) wanneer per hand afgelewer, geadresseer wees aan en afgelewer word by die Direkteur-generaal: Landbou-ekonomie en -bemarking, Dirk Uysgebou, Hamiltonstraat, Pretoria, 0002.

CONTROL MEASURES RELATING TO CONTROLLED ANIMAL DISEASES  
(Reg. 1 (1), 11 (1), 13 (1), 15 (2) (a), 21 (1), 22, 24 (2) (a))

Animal disease	Nature, causal organism and symptoms	Controlled veterinary act to be performed in respect of—		
		Susceptible animals	susceptible animals	contact animals
1	2	3	4	5
African swine fever.....	Highly contagious viral disease transmitted by wild pigs, warthogs, bushpigs and the tapan ( <i>Ornithodoros moubata</i> ), and characterised by high fever, reddish discolouration of the skin of the abdomen and hind quarters, in co-ordination, somnolence, high mortality and haemorrhage in all internal organs, especially in lymph nodes	Pigs, wild pigs, bushpigs and warthogs	1. All pigs in a controlled area excluding wild pigs, warthogs and bushpigs that are not tamed, shall be kept in pig proof camps, kraals or pens 2. All infectious or contaminated things fed to pigs in the Republic, shall be cooked beforehand for at least 60 minutes or sterilised	Contact animals shall be isolated and destroyed under the supervision of or by an officer or authorised person
Anthrax.....	Peracute contagious animal disease to which man is also susceptible, caused by the bacterium <i>Bacillus anthracis</i> , and characterised by sudden death with tarry blood-stained discharge from the mouth, nose and anus, skin haemorrhages, and an excessively enlarged spleen	Cattle, equines, sheep, goats, pigs, ostriches and game	All cattle in the Republic shall be immunised once every 12 months with an efficient remedy by the responsible person	Contact animals (including tamed game) in a controlled area shall be isolated and be immunised with an efficient remedy under the supervision of or by an officer or authorised person

Animal disease	Nature, causal organism and symptoms	Susceptible animals	Controlled veterinary act to be performed in respect of—		
			susceptible animals	contact animals	infected animals
1	2	3	4	5	6
Aujeszky's disease.....	Contagious viral disease mainly affecting piglets less than 3 weeks old and characterised by lack of appetite, inco-ordination, low fertility, abortion, depression, vomiting, diarrhoea and convulsions and especially an intense itching in other animal species—a symptom seldom seen in pigs	Mainly pigs, but can also affect other animals	—	Contact animals shall be isolated and destroyed under the supervision of or by an officer or authorised person	Infected animals shall be isolated and destroyed under the supervision of or by an officer or authorised person.
Bacterial Kidney Disease .....	A bacterial disease of fish caused by a gram positive diplobacillus and characterised by a grayish-white necrotic kidney infection	Trout.....	—	All fish in infected dams shall be destroyed under the supervision of or by an officer or authorised person	All fish in infected dams shall be destroyed under the supervision of or by an officer or authorised person.
Bovine contagious pleuropneumonia (Lungsickness)	Highly contagious animal disease caused by the bacterium <i>Mycoplasma mycoides</i> , characterised by respiratory distress, coughing and emaciation. At post mortem examination, the lungs have a typical marbled reddish-grey colour	Cattle .....	All cattle in a controlled area shall be immunised at least once every 12 months with an efficient remedy under the supervision of or by an officer or authorised person	Contact animals shall be isolated, and tested and immunised with an efficient remedy under the supervision of or by an officer or authorised person in the manner determined by the director	Infected animals shall be isolated and destroyed under the supervision of or by an officer or authorised person.
Bovine malignant catarrh.....	Viral disease which can occur where there is contact between cattle and blue or black wildebeest and characterised by affection of the mucous membranes of the upper respiratory tracts and intestines, as well as the conjunctiva, with mucopurulent discharge from the eyes and nose, enlarged lymph nodes, emaciation and high mortality of infected cattle	Cattle and Blue or Black wildebeest	Contact between cattle and blue or black wildebeest shall be prevented	—	—
Brucellosis .....	Highly contagious animal disease to which man is also susceptible, caused by the bacteria <i>Brucella abortus</i> , <i>B. melitensis</i> , <i>B. canis</i> and <i>B. suis</i> , and characterised in the female animal by abortion in the later stage of pregnancy, retained placenta and reduced fertility, and in the male animal by orchitis	Cattle, sheep, goats, pigs and dogs	1. All heifers between the ages of 4 and 8 months in the Republic shall be immunised once with an efficient remedy by the responsible person 2. No bovine above the age of 8 months shall be immunised against Brucellosis without the written consent of the responsible State Veterinarian 3. Susceptible animals may be tested by an officer, an authorised person or a veterinarian 4. Sheep and she-goat lambs may be immunised with an efficient remedy at weaning age by the responsible person	Contact animals shall be isolated and tested by an officer or an authorised person, and all bovines reacting negatively, may with the written consent of the responsible State Veterinarian be immunised with an efficient remedy under the supervision of or by an officer or an authorised person	1. Infected cattle shall be marked as contemplated in regulation 29, isolated and may only be removed from isolation for slaughter purposes. 2. Infected sheep, goats, pigs and dogs shall be destroyed under supervision of or by an officer or authorised person or otherwise disposed of in the manner determined by the director.

Animal disease	Nature, causal organism and symptoms	Susceptible animals	Controlled veterinary act to be performed in respect of—		
			susceptible animals	contact animals	infected animals
1 Contagious equine metritis ...	2 Contagious venereal disease caused by the bacterium <i>Haemophilus equigenitalium</i> , transmitted by coitus and characterised in mares by metritis, abortions, and low fertility	3 Equines and Zebra .....	4 Serving of infected mares or by infected stallions shall be prevented	5 Contact animals shall be isolated and tested under the supervision of or by an officer or authorised person	6 Infected animals shall be isolated and, in the case of— (a) mares, destroyed under the supervision of or by an officer or authorised person; and (b) stallions, castrated or destroyed under the supervision of or by an officer or authorised person.
Contagious haematopoietic necrosis	A contagious viral disease of fish, characterised by sudden deaths, dark discolouration, anaemia, eye-bulging with distention of the abdomen and hard faeces	Trout .....	—	All fish in infected dams shall be destroyed under the supervision of or by an officer or authorised person	All fish in infected dams shall be destroyed under the supervision of or by an officer or authorised person.
Contagious pancreatic necrosis	A contagious viral disease of fish, characterised by a sudden high mortality rate especially under young fish, rotating swimming movements, dark discolouration, distention of the abdomen with milky slime in the stomach and intestine	Trout .....	—	All fish in infected dams shall be destroyed under supervision of or by an officer or authorised person	All fish in infected dams shall be destroyed under supervision of or by an officer or authorized person.
Corridor or buffalo disease ...	Acute communicable animal disease caused by the protozoan <i>Theileria parva lawrencei</i> , transmitted by the brown ear tick ( <i>Rhipicephalus appendiculatus</i> ), occurring after contact with African buffaloes, and characterised by respiratory distress, enlarged lymph nodes, occasional blindness in one or both eyes, and marked oedema and sometimes emphysema in the lungs	Cattle and African buffaloes	1. Contact between cattle and African buffaloes shall be prevented 2. All cattle in a controlled area shall be dipped or sprayed regularly by the responsible person with an efficient remedy 3. No animal shall be chemotherapeutically treated without the written authorisation of the director	Contact animals shall be isolated and dipped or sprayed with an efficient remedy under the supervision of an officer or an authorised person in the manner and at the intervals determined by the responsible State Veterinarian	Infected animals shall be isolated and dipped or sprayed with an efficient remedy under the supervision of an officer or an authorised person in the manner and at the intervals determined by the responsible State Veterinarian.
Dourine .....	Chronic contagious venereal disease caused by the protozoan <i>Trypanosoma equiperdum</i> , transmitted by coitus and characterised by swelling of the genitals, legs and abdomen and sometimes by nervous symptoms	Equines and Zebra .....	1. Serving of infected mares or by infected stallions shall be prevented 2. Susceptible animals may be tested by an officer, an authorised person or a veterinarian	Contact animals shall be isolated and tested by an officer or authorised person	Infected animals shall be isolated and, in the case of— (a) mares, sterilised, slaughtered or destroyed under the supervision of or by an officer or authorised person; and (b) stallions, castrated, slaughtered or destroyed under the supervision of or by an officer or authorised person.
