

**Vaccinate
YOUR DOG AND CAT**

**— Beware —
Rabies kills!**

**THIS ADVICE CAN SAVE
YOUR LIFE!**

— ENGLISH —

**agriculture,
forestry & fisheries**

Department:
Agriculture, Forestry and Fisheries
REPUBLIC OF SOUTH AFRICA

What is rabies?

Rabies is a disease that affects the brain and leads to the death of the person or animal involved.

Symptoms vary widely and may include:

- Behavioural changes
- Aggression
- Salivation
- Paralysis.

**RABIES AFFECTS ALL
ANIMALS!**

Spreading of the disease

The virus occurs in great numbers in the saliva of rabid animals.

**CONTACT YOUR VET OR
ANIMAL HEALTH
TECHNICIAN**

How to control rabies

- Vaccination is the only protection.
- **Vaccinate** your dogs and cats.
Encourage other people to have their pets vaccinated too.
- Do not allow your pet to roam the streets.

- Report all suspect cases to your nearest state veterinarian, animal health technician or to the police.

**NEVER TOUCH OR CARESS
A STRANGE, INJURED
ANIMAL OR ONE WHICH
APPEARS TO BE SICK!**

If you get bitten

- Thoroughly disinfect the wound.
- Immediately consult a medical doctor or clinic.
- Contact your nearest state veterinarian or animal health technician.

Ent
JOU HOND EN KAT

— Gevaar — Hondsdelheid is dodelik!

**HIERDIE RAAD KAN
JOU LEWE RED!**

— AFRIKAANS —

agriculture,
forestry & fisheries

Departement:
Landbou, Bosbou en Visserye
REPUBLIEK VAN SUID-AFRIKA

Wat is hondsdelheid?

Hondsdelheid is 'n siekte wat die brein aantast en tot die dood van die persoon of dier lei.

Simptome verskil en sluit in:

- Gedragsveranderinge
- Aggressie
- Oormatige speekselafskieding
- Verlamming.

**HONSDOLHEID RAAK
ALLE DIERE!**

Verspreiding van die siekte

Die virus kom voor in groot getalle in die speeksel van hondsdel diere.

**KONTAK JOU VEEARTS OF
DIEREGESONDHEIDS-
TEGNIKUS!**

Beheer van hondsdelheid

- Inenting is die enigste manier om die siekte te voorkom.
- **Ent jou honde en katte in.**
Moedig ander mense aan om hul troeteldiere in te ent.
- Moet nie jou diere toelaat om in die strate rond te loop nie.

- Rapporteer alle verdagte gevalle aan jou naaste staatsveearts, dieregesondheidstegnikus of aan die polisie.

**MOET NOOIT 'N VREEMDE,
SIEK OF BESEERDE DIER
AANRAAK OF VRYF NIE!**

As jy gebyt word

- Ontsmet dadelik die wond deeglik.
- Gaan onmiddellik na 'n mediese dokter of kliniek.
- Kontak jou naaste staatsveearts of dieregesondheidstegnikus.
